

Village Board Okays Pre-annexation Pact

The Antioch Village Board Monday night unanimously approved a pre-annexation agreement and accepted the recommendation of the Zoning Board of Appeals on the revision of zoning of multiple housing on the proposed Pheasant Creek development on the northwest edge of the village.

The trustees also authorized Village Attorney Edward Jacobs to prepare an ordinance annexing the 32.40 acres of which 22.33 acres would be multiple family and 10.07 single family residential.

It brought to an end a debate by the developers' attorneys, Ted Larson and James Lumber, of several weeks in trying to reach an agreement with the trustees.

For a moment Monday night, the pre-annexation agreement appeared in jeopardy as three trustees, Vern L. Barnstable, George W. Bartlett, and Richard O. Burnette were concerned with the unofficial ratio established for multiple housing versus single family residential.

They appeared concerned that the annexation of the 22.32 acres for multiple housing would create an imbalance, but when the votes were counted they were in

the "yes" column. When the annexation ordinance is approved, the developers Dr. Edward Abderholden and Dr. John Loring, physicians and surgeons, and Dr. Albert Bucar, optometrist, Robert and Ted Costoff and their wives will have to pay a \$500 fee for each acre coming into the village.

The discussion on the pre-annexation was prefaced by a comment by Homer LaPlant, who said, "I represent people in Antioch who already have vacant property for sale and have no buyers."

"This represents well over 100 acres. We do not want to trust our future to the present Planning and Zoning Board of Appeals whose only requisite is that they reside in the village."

"We believe they have in the past made several poor and untimely decisions such as can be found on Lake Street and east on Rte. 173. We believe this Village Board should not act to bring in more property at this time or it may bring about a building moratorium that would make it impossible to sell land already in the village. We believe outside professional help should be called upon either from the county or

Springfield." In January LaPlant was unsuccessful in his petition to get a 23-acre site changed in zoning from M-1 manufacturing to a permitted special use site, south of Rte. 173.

The Zoning Board of Appeals rejected the proposal by LaPlant who wanted to build a \$5 million planned development that would include 16 apartment buildings, with 12 living units each. Recreation area also was provided in eight acres.

The ZBA said that rezoning would severely limit the industrial property in the village.

When the vote came up before the village board, it ended in a 3-3 deadlock and defeat.

Village Mayor Raymond Toft polled the trustees on their sentiments of the pre-annexation agreement proposal.

Leading off was Trustee Robert Wilton who said, "I have no objection to the proposal. I believe we should accept it as it is."

"We are entitled to consideration," said Ted Costoff, one of the developers. "I believe the developers are entitled to an answer," said Richard Radke. "I would like to see

Murrie Defeats Toft In Tuesday's Voting

Lloyd "Red" Murrie turned back the challenge of Village Mayor Raymond Toft in winning his fifth term as Antioch Township supervisor.

Murrie carried all six precincts to victory in Tuesday's election that attracted about half of the township's registered voters.

Murrie collected 1,685 votes compared to 1,025 for Mayor Toft, and Karl N. Floer, 165.

The incumbent defeated Toft in his own precincts—Precinct 1, the Village Hall, and Precinct 2, the Scout House.

In voting at the Village Hall, Murrie garnered 381 tallies, while Toft collected 289, and Floer, 13. In the Scout House tabulation, Murrie emerged with 303 votes with 223 for Toft and 13 for Floer.

The total village vote was 684 for Murrie while Toft had 512 and Floer had 26.

Voting by precinct was:

	Murrie	Toft	Floer
Village Hall	381	289	13
Scout House	303	223	13
Lotus School	122	27	85
Grass Lake Sch.	313	177	15
Channel Lk. Sch.	254	120	12
Emmons School	312	189	27

Totals 1,685 1,025 165

Murrie carried about 62 per cent

Pickard To Expand Plant

Village Mayor Raymond Toft Monday night announced that Pickard China will enlarge its plant and that the firm has agreed to pay one-third of the cost in correcting a storm water problem.

Village Engineer Frank Angelotti has been asked by trustees to negotiate with the Soo Line Railroad about getting right-of-way or an easement on "Old Railroad Street," that will shorten the distance of the line to carry off the surface run-off water.

"It will cut the costs," said the mayor.

He also announced that Regal China also is planning to expand its plant and that a meeting will have to be arranged with the company with the surface water committee of Trustees Richard O. Burnette, Vern Barnstable and Robert Wilton to discuss the storm water problem that will develop from the expansion.

Joining in the discussion will be Walter Delaney, building commissioner, and plumbing, heating and electrical inspector.

Robert Schroeder has been a resident of the Antioch area for 15 years. He graduated from Salem Central in Salem, Wisconsin, and attended the Business Administration school of Marquette University and also Kenosha Technical Institute. He and his wife have four children, three of whom now attend St. Peter School. Mr. Schroeder served as Vice President of the Oakwood Knolls Homeowners Association for two terms and also served one term as a member of the Antioch Planning Commission. He served two terms as Committee Chair.

S.E.A. Students Plan Car Wash

Students for Environmental Awareness will sponsor a car wash Saturday, April 10, at Dick's Phillips 66 Station at the corner of Orchard and Main Streets from 9 a.m. until 5 p.m.

The Students for Environmental Awareness is an anti-pollution club at Antioch High School. Funds raised at the car wash will be used to cover expenses of an upcoming environmental teaching in May.

NOTICE OF JOB APPLICANTS

The Antioch News does not knowingly accept Help-Wanted Ads from employers covered by the Federal Wage and Hour Law if they pay less than the \$1.60 hourly minimum wage for non-farm employment OR if they do not pay time and a half for work in excess of 40 hours in a work-week, if required by law. Nor will this newspaper knowingly accept ads from covered employers who discriminate in pay because of sex or accept an ad which discriminates against persons 40-45 years in violation of the Age Discrimination in Employment Act. Contact the Wage and Hour Division Office of the U. S. Department of Labor at 4032 N. Milwaukee Avenue, Chicago, Illinois 60641, 312-736-2909.

Mrs. William Brook has been appointed residential chairman for the 1971 educational fund raising crusade by the American Cancer Society. She discusses her duties with Elmer C. Klob, chairman of the Lake County Unit Residential Crusade. Antioch's goal is \$700.

Mrs. Brook Appointed Cancer Drive Chairman

Elmer C. Klob, Chairman of the Lake County Unit Residential Crusade, American Cancer Society, announced today that Mrs. William E. Brook of Antioch has been appointed the residential chairman.

"We really believe health is beautiful and that's why we urgently need volunteers for the American Cancer Society's 1971 educational and fund raising Crusade," said Mrs. Brook. "We believe that people-to-people contact—folks alerting their neighbors, relatives, friends to cancer's warning signals helping to raise

fighting funds—is part of the combination that will increasingly turn the tide against these dread diseases called cancer," declared Mrs. Brook. "The other part is the dedication and skill of thousands of physicians and researchers searching for causes, and better treatments. Those who give their time and talent this year will join hands with the more than two million other volunteers in thousands of American communities whose dedication has already helped save-increasing numbers of lives," said Mrs. Brook. "Everyone with a few hours to spare

can help. Call 395-1166 if you are able to call on a few families in your own neighborhood and give them the facts about cancer, how they can protect themselves against cancer. "Many cancer deaths are needless since the chances of a cure are good with early diagnosis," said Mrs. Brook. "We want to wipe out cancer in your lifetime and it's up to us to see that this happens. The Residential Goal is \$700 for Antioch and anyone who believes health is beautiful is needed by our town. Please call.

Expanda-Foam Is First In Polystyrene Competition

The Society of the Plastics Industry has announced that Expanda-Foam, Inc., Antioch, has won the coveted SPI Award in the annual national polystyrene products competition. The awards give national recognition to molders of expandable polystyrene products for excellence in functional and decorative design.

Expanda-Foam received the award for its self-contained testing unit and shipping container produced for Abbott Laboratories. The unit contains several compartments for holding test tubes, materials and supplies used to perform the tests. In addition, space has been provided for a dry ice chamber, which assures that sera and other testing ingredients maintain required temperature during shipment and test procedures.

Repeating its performance of last year, Expanda-Foam also won a Gold Award for design excellence for another Abbott testing unit with water bath capabilities. Here again the modular construction within the shipping container assures that the testing components can be shipped without damage. The unit functions as an ice bath in one instance or, with the insertion of a heating element capable of sustaining 100 degrees F, a warm water bath in another.

Each Abbott unit was designed by William P. Grasty.

Expanda-Foam, Inc., has its 100,000 square foot main office and plant in Antioch, with plant facilities in Foristell, Missouri, and Rocky Mount, North Carolina. The company is one of the country's largest custom molders and specializes in thin wall pieces.

Legion Supports Calley

The Antioch American Legion is supporting Lt. William Calley who was found guilty of the My Lai massacre and given life imprisonment at hard labor.

The post believes that Lt. Calley was unjustly convicted.

In support of the Army lieutenant, the Antioch Post has sent a cash contribution to him to help pay part of his legal expense.

The letter was sent by Edward J. Frazier, the post adjutant and past commander. Donald Gaston is post commander.

Honor Petty April 23

Dr. W. C. Petty, Superintendent of the Educational Service Region for Lake County, will be honored April 23rd for his more than forty years of service to Lake County education.

A recognition dinner for Dr. Petty will be held at 7:30 p.m. at the Illinois Beach Lodge in Zion.

Tickets for the event are on sale. Reservations must be made in advance. No tickets will be available at the door.

Tickets may be obtained from James Flood of the county schools office in Waukegan; LaVerne Woods of the First National Bank in Antioch; William E. Brook, State Bank of Antioch; William L. Thompson, superintendent of the Fox Lake Grade School District; and Jerry Klebe of the Lake County Safety Commission.

In addition to those handling ticket sales, Arsene Denoyer and Richard Kennedy comprise the executive committee sponsoring the dinner. Kennedy will also serve as master of ceremonies.

Those serving as honorary com-

(Continued on page two)

Petty Is Honored By House

Dr. W. C. Petty of Antioch, superintendent of the Lake County Educational Service Region, was honored by the Illinois House of Representatives.

The House shouted through approval of a resolution sponsored by Rep. John H. Conolly, R-Waukegan, commending Petty and saluting him "for his many contributions to the advancement of education in Illinois and for the betterment of the community."

Petty, who took over the post March 11, 1931, is retiring in August.

Dr. Petty has held the office for 40 years. He is the dean of county school superintendents in Illinois.

Sheehan Doing Practice Teaching At Lincoln High

Dudley Sheehan of Rte. 1, Antioch, is practicing teaching social science at Lincoln High School as part of his internship training at Illinois State University.

Sheehan will teach for nine weeks. During this period, he will work with a supervising teacher and literally becomes a member of the school staff and community in which he is working.

12 School Trustees To Be Picked Saturday

Antioch Township voters will select their school board members Saturday at the grade and high school levels.

Twenty-one candidates are in the race for 12 seats. Three of them, however, are a breeze since they are running unopposed in the Emmons School District.

Fred Walpole and Larry Fears are the challengers for the three seats to be filled in the high school board election.

Incumbents seeking re-election to three year terms are Bette Meyer, Albert Bucar and Robert

Lindblad.

In the grade school district, Milo B. Bailey, president of the board, and Richard C. Harland, both incumbents, face five opponents in the election at which three will be elected.

They are John A. Fries, LaVerne M. Woods, Charles Ray Atwood, Leslie Faber Jr., and Jay W. Richards.

The other incumbent, Dr. Fred Bobzien, did not choose to run this time.

Unopposed in the Emmons School District are the incumbents

bents Richard Ruck, Daniel Maras and Ronald Sheedlo.

Six persons including three incumbents are seeking election to the Grass Lake School board.

Incumbents whose terms expire this month are Gary Vaughn, Mrs. Lorraine Clark and Lawrence Yopp. All are seeking re-election.

Contesting them are Mrs. Elizabeth Shkapich, Michael Wojnowiak and Mrs. Doris Samson.

Polls in the school elections will be open from noon until 7 p.m.

3 To Be Elected For St. Peter's Board

Five candidates are seeking positions on St. Peter Board of Education.

Three, three-year positions will be filled.

Voting will take place in the lower level of the Church after all the Masses Sunday, April 25th (also the 5:30 p.m. Mass Sat., April 24th). Polls will close at 1 p.m. Sunday, April 25th.

All adult parishioners or parents of St. Peter School children are eligible to vote. Parish rolls will be used to determine voter eligibility.

Shirley Gutowski is presently serving on the board and is seeking re-election. She and her husband, Bernard, and their four children live at 489 Crest Lane.

Two of their children are presently attending St. Peter School. She is a homemaker and part time secretary. Mrs. Gutowski is past president of the Altar and Rosary Society, was a member of St. Peter's Choir for 13 years, and taught CCD classes for 2 years.

Various community activities include Little League and secretarial duties for the Lake Region Homemakers Unit in Antioch. She has served on St. Peter Board of Education since its formation three years ago.

Paul Eckert is a lifetime resident of Antioch. He lives with his wife, Mary Lou, and their three children at 318 Park Ave.

A former graduate of St. Peter School and Antioch High School, he spent three years in carpenter's apprentice school and is presently a building contractor. Two of his children are now attending St. Peter School.

Charles L. Geist was born in Chicago and attended schools there. He and his wife, Cecelia, and their five children moved to Antioch in 1955.

Geist served as a secretary for the Holy Name Society for 6 years, has been treasurer of the Lake Villa Veterans' Club for 4 years, is a social member of the Bridgeport Archbishop Quigley Council of the Knights of Colum-

bias, and is a life member of the Lake Villa V.F.W. Post 4308. He is presently employed at Johnson Motors and resides in the Grass Lake Area. Their children are St. Peter graduates.

Rose M. Endries and her husband Richard, and their three children reside at 881 Hillandale Drive.

The Endries moved to Antioch in 1964. Endries is the general manager of the Frosted Foam-Expenda Foam Company.

Born in Manitowoc, Wisconsin, Mrs. Endries attended high school there. After graduation she was employed as a secretary by the Mirro Aluminum Company. She held this position until her marriage in 1957. Mrs. Endries is the president of St. Peter Mothers' Club.

Eileen Zannini was born in Chicago, attended parochial schools and was graduated from the College of St. Teresa in Winona, Minnesota.

After her marriage she moved to Waukegan where she resided for 22 years. During this time she taught school three years and served as commissioner of the Waukegan Park District for eight years.

Since 1964, Antioch has been her home. Her husband, Gene, owns and operates Webb's Boat Service and Marina. They have seven children, one of whom is presently attending St. Peter School.

Robert Schroeder has been a resident of the Antioch area for 15 years. He graduated from Salem Central in Salem, Wisconsin, and attended the Business Administration school of Marquette University and also Kenosha Technical Institute. He and his wife have four children, three of whom now attend St. Peter School. Mr. Schroeder served as Vice President of the Oakwood Knolls Homeowners Association for two terms and also served one term as a member of the Antioch Planning Commission. He served two terms as Committee Chair.

(Continued on page three)

Parking Violation Tickets Issued 144

One hundred and 44 parking meter violation tickets were issued last month by the Antioch Police Department, Trustee Richard O. Burnette, chairman of the police committee, announced Monday night.

He said that 74 tickets were paid, and that parking meter revenue amounted to \$530.

Circuit court fines totaled \$429, he said. Burnette reported that 44 traffic tickets were given to motorists and six non-traffic citations were issued.

The police investigated 23 accidents, three cases of vandalism, five burglary attempts, and 19 thefts.

Six juvenile cases were handled.

In other business by trustees, Norman Jedebe was approved to make an audit of the village books for the fiscal year ending April 30.

Bids were ordered advertised on a storm water sewer on north Main Street. The estimates will be opened as soon as the village learns that the state has approved the improvement to be paid for out of motor fuel tax funds.

Chief Deputy Sheriff Jerome Schuetz cited Pilm. Ray Engel for his help in a criminal matter last month.

National Library Week will be observed April 18 to 24 in Antioch in a proclamation the mayor was authorized to sign.

Animals are coming to the Grass Lake School PTA Fun Fair - Animal Fair from 1 until 5 p.m. April 18. Circus animals will surround the Lollipop Tree and be tracked down in the Animal Cake Walk. Bea Seymour is chairman of the fun fair.

EDITORIAL

Vote Saturday

The grade school and high school elections will be held Saturday.

The Antioch News is not making any suggestions in this election inasmuch as we are not familiar with the qualifications of the candidates.

However, we urge you to come out and vote and exercise your choice for the candidates you believe will do the best job for your schools.

Without your help, the candidates cannot be guided. But your vote will make the difference.

Take time out from your busy shopping and household duties to vote Saturday. Polls will be open from noon until 7 p.m.

Vote Saturday!

We Back Mrs. Kopriva

The College of Lake County will hold its election Saturday, with three candidates to be selected, one of them from the unincorporated area.

We strongly urge the voters of Antioch, Lindenhurst and Lake Villa to support Mrs. Helen Kopriva of 475 Winsor Drive, Antioch, to one of the seats to be filled in the election.

She has the qualifications for the office of college trustees, having served her "internship" on the grade school and high school boards.

Election of Mrs. Kopriva to the college board will give the northwestern section of Lake County representation, something it has been lacking since the founding four years ago of the community college.

Mrs. Kopriva will do an effective job, we believe, in guiding the growth of the college which will have a prominent roll in our educational and economic life in the years ahead.

We urge you to vote for Mrs. Kopriva when you visit the polls Saturday, April 10, to vote in the school election.

Letters to the Editor

Dear Editor,

School Board Elections are Saturday, April 10th. This should be an important election to the people of each School District. They are entrusting their Board of Education to set up proper and necessary curriculum, to obtain a good teaching staff and to wisely distribute the tax funds.

In the Antioch Community Grade School District No. 34, there are three candidates who are extremely well qualified to fulfill this obligation.

First—"C" RAY ATWOOD

Mr. Atwood was raised and educated in this community, is married, father of two children, and a local business man. He is serving his 25th year in Scouting, 5th year as Secretary-Treasurer of the Antioch Fire Protection District, and 2nd year as Vice-President of Oakland P.T.A.

Second—JOHN A. FRIES

Mr. Fries has lived in this community for more than 13 years. He has a Bachelor of Science Degree from the University of Illinois in Business Administration, Major in Accounting, and is in his third year at I.M.I., Lake Forest College. He is married and the father of six children. He is Manager of General Accounting, Corporate Division, for Fansteel, Inc. In the Antioch Grade School

Band Parent Association he has served 2 years as President, 2 years as Treasurer and is presently Vice-President.

Third—LAVERNE M. WOODS

Mr. Woods, an eight year resident is graduated from the Illinois Bankers School, Southern, Ill.; The Graduate School of Banking, Madison, Wis., and the School of Consumer Banking, University of Virginia. He is married and the father of three children. He is President of the First National Bank of Antioch, the only member of the Antioch Chamber of Commerce to serve two years as President and is also a member of the Antioch Lions Club Board of Directors.

These three candidates, all parents and taxpayers, because of their diversified backgrounds and experience, are highly qualified to fill these entrusted positions on the Antioch Grade School Board of Education.

Yours truly,
CONCERNED PARENTS FOR BETTER SCHOOLS

Honor Pelly...

(Continued from page one)

mittee members for the dinner include William E. Brook, Dr. Richard G. Erzen, A. J. Katzenmaier, the Rev. Msgr. Harry C. Koenig, Dr. James Kopriva, the Rev. Carl Q. Lee, Irl H. Marshall, Bishop William E. McManus, Mrs. Jeannette Mullen, Mrs. Mary Pappas, Dr. Edwin C. Reichert, Edmund F. Vos, Richard Warfield, and H. L. Wesner.

ALONG THE WAY with Annie Mae

HAPPY BIRTHDAY

This week Frieda Wertz will be celebrating her 88th birthday. Many happy returns of the day.

VISITING ANTIOCH

Mrs. Ed. Walter (Rene), formerly of Antioch is staying at the home of Margaret Gaston while visiting many of her friends in the area.

VACATIONERS RETURN

Mr. and Mrs. Edmund Vos just returned from a pleasant trip to Hawaii. Mr. and Mrs. Fred Stahmer are back in Antioch after spending the winter at their home in Florida.

PROUD GRANDPARENTS

Mr. and Mrs. Howard Wells have a newly adopted grandson, Erick Christian, born February 27 at Hammond, Indiana. Mr. and Mrs. John Hassel are the parents. Mrs. Hassel is the daughter of Marie and Howard Wells. The paternal grandparents are the Clarence Hassels of Hammond.

LARGE TURNOUT

Congratulations to Red Murrie and Blaine Ring on their re-election to the Township offices.

MORE ELECTIONS COMING UP

Saturday be sure to vote at the schools for their school board

elections. One of particular interest coming up is the College of Lake County. Mrs. James Kopriva of Antioch is the only one on the ticket representing this area. Antioch High School is the place to vote for both the high school board and the College of Lake County. Be sure to vote in your respective grade school board elections, too. Saturday is the day—from noon to 7 p.m.

MAKE A GOOD GUESS

The State Bank is having its annual egg guessing game to provide fun for the children up to twelve years. There is no purchase necessary, just fun to be had.

EASTER EGGS

Maybe that great big egg Junior found wasn't left by Peter

\$669,895 In Bonds Purchased

Lake County residents purchased a total of \$669,895 in series E and H United States savings bonds in February according to Richard F. Kennedy, and Richard D. Newland, Waukegan, county co-chairmen of the savings bonds committee.

Illinois sales were \$27,838,887 according to Clarence S. Sochowski, market director of the Treasury savings bonds division; down 1.28 percent last February.

Illinois sales represent 6.5 percent of the national total of \$431,000,000 and purchases in the first two months equal 18.7 percent of the 1971 goal of \$313,600,000.

Sales for February 1970 in Cook County and the State of Illinois included Freedom Shares which were discontinued June 30, 1970. Sales of Series E and H bonds alone, therefore, are practically the same as last February.

Seems as though some young people think that doing their own thing means doing nothing.

Now is the time to throw out the pussy willows that have been collecting dust all year and start looking for fresh ones.

Schedule Trustee Luncheon

Candidates for the village board have been invited to attend a Chamber of Commerce luncheon meeting at Lorenz's on Wednesday, April 14.

Rabbit at all. Two ostriches escaped from their pen at the home of John Kopystynsky of Hebron last Saturday and are now somewhere looking for greener (or sandier) pastures. If you see them give John a ring.

SUNNY SKIES

Looks like the weather will cooperate with all of us for a Happy Easter and colorful Spring togs for our visits to church and family get-togethers.

Happy Easter from
ANNIE MAE
And Harvey the Rabbit

It's easy to place a classified—Just dial 395-4111.

They will be given the opportunity to express their opinions and position on matters of general interest and concern to the Antioch Chamber of Commerce.

"This will be an excellent opportunity to become more acquainted with the trustee candidates before casting your ballot on Tuesday, April 20," chamber officials said.

Questions to be directed at the candidates may be sent to Fred Walpole, chairman of the Civic Relations Committee, at the Antioch Savings and Loan or with Joanne Shute, executive secretary, at 966 Victoria St.

Candidates will be given five minutes to comment on the following questions:

—What are your reasons for seeking election to the village board?
—What innovative ideas do you

have for the betterment of the entire village?

—What is your position on such matters as acquisition of off-street parking, improving the level of police protection, increased efforts to attract new industry, etc.?

Three trustees will be elected for four year terms, while one will be elected to fill an unexpired two year term.

the development come in and I like to deal with local people."

Said George Bartlett, "Basically, I am in favor of the project. However, the multiple family ratio exceeds that of the limit which poses the area of disagreement. I definitely don't want to stop this development, but believe that there should be further negotiation that could result in mutual agreement."

"We were just trying to avoid spot zoning," said Dr. Abderhalden. "We were trying to avoid this gap in the zoning pattern."

"Are we leaving ourselves liable with more multiple housing in the future," said Mayor Toft. "Suppose another developer came in, we would possibly have to make the same consideration on multiple housing."

"We have dealt in good faith," noted Ted Costoff. "It is time for consideration, and all trustees should stand up and be counted on this issue."

"We have never received any cooperation on this issue," charged Larson. "We have received nothing but harassment from the village mayor, engineer and attorney. We have tried to cooperate in all aspects of the village ordinance, but have received nothing but harassment on this issue."

He noted that many of the opposing comments were made at other meetings, but not at an open session. "We have agreed to everything including sewer, water and lighting," he declared. "We are being harassed, and I think action should be taken to see where we stand."

Toft denied that it was the intent of the board to harass anybody.

"Do you believe the percentage of multiple housing could be cut to five per cent at this time," said Burnette, "and then come in at a later date with five per cent more."

Dr. Bucar demanded, "All I ask is you vote tonight—yes or no."

Willson made the motion to approve the pre-annexation agreement, supported by Radke.

During the roll call, Bartlett said, "The additional discussion has enlightened me, and I change my thinking in voting for the pre-annexation."

It brought to an end a discussion including preliminary meetings with the trustees, Zoning Board of Appeals and the Plan Commission on the development that went back as far as a year ago.

3 To Be Elected...

(Continued from page one)

man for Antioch Cub Park 192, is a charter member of the Antioch Rotary Club, and is a member of St. Peter's Chapter of the Knights of Columbus. Mr. Schroeder is associated with the Al Schroeder Real Estate Firm.

Charles L. McKinney was born in Dwight, Illinois. He attended high school in Normal, Illinois. After graduation he moved to the Antioch area in 1946. He and his wife, Margaret, have eight children, four of whom are St. Peter graduates and four of whom are presently attending St. Peter School. Mr. McKinney is a local mail carrier and is also associated with Thomas Runyard & Sons. He is the past president of the Channahon Lake School Board.

Dr. John Boarini is a former Chicagoan and attended schools there. He and his wife, Nancy, and their eight children moved to Antioch in 1969. Four of their children are now attending St. Peter School. Dr. Boarini is a graduate of Loyola Dental School. He served two years in the USAF in Cheyenne, Wyoming. Upon his return from the service he began practicing general dentistry in Jefferson Park, Ill. He is presently practicing in Antioch.

Stephen Ryzko, Jr. and his wife, Beverly, have been residents of California Subdivision for the past 15 years. They have three children, one of whom is now attending St. Peter School. Mr. Ryzko is the Vice President of traffic for Charneglow Products. An Antioch High School graduate, he served two and one half years in the USMC. He is a member of the Lions Club and has been associated with the parish commentator's group since its formation.

Joel Armstrong is a former Lake Villa resident and graduate of Antioch High School. Further education included courses at Stout College, University of Illinois Institute of Technology. Mr. Armstrong and his wife, Kathleen, have two sons, one of whom attends St. Peter School. He and his wife own and operate JOE DU SKI ski shop west of Antioch. He is also employed by Outboard Marine as a designer.

"The Wizard of Oz" will be presented at 8 p.m. April 16 and 17 by the Fine Arts Department of Antioch High School. Having roles in the musical are Bryan Sorensen, Phil Martinez, Mary Wiczorek and Dean Homan. It is directed by Ken Smouse, school drama teacher. Kim Shkopich is the stage manager and Suzi Burns is in charge of choreography.

Bill Introduced To Protect The Unborn From Rubella

A bill to protect the unborn from the crippling and sometimes deadly effects of German measles (Rubella) was introduced in the General Assembly recently.

Representative John H. Conolly, Waukegan, introduced a bill that would require a woman who is seeking a marriage license to offer a physician's certificate showing that she had been tested for susceptibility to Rubella and has been proved immune. In the absence of such proof by test, the woman would be required to submit a physician's statement that she had been immunized against Rubella.

However, the requirement would not apply when the woman was pregnant at the time of applying for a marriage license.

"Medical authorities estimate that 50,000 babies either died in the womb or were born with serious defects as a result of a German measles epidemic in 1964-65," Conolly said. "The insidious thing about Rubella (German measles) is that the symptoms can be so mild that a pregnant woman may not know she has had the disease until her child is born deformed."

"Fortunately, 9 out of 10 have had a mild case of German measles in childhood and are immune. A test, the HAI test (hemagglutinating antibody) has been developed which will tell. If the result is negative, it is an indication the individual is susceptible to Rubella."

"This bill—by requiring the test before marriage—would alert a susceptible woman to this danger. She would then have the opportunity to be immunized. Then, after waiting for a 2 month period—as her physician would probably recommend—she could again apply for a marriage."

"This wait is necessary because Rubella vaccination during preg-

nancy can cause the disease in the unborn, and the infective period for the mother is believed to last for 2 months after vaccination.

"Nine out of 10 can be expected to pass the test and will qualify at once for a marriage license. This bill is intended to protect the future happiness of the one woman out of 10 who is susceptible to Rubella."

Servicemen, Vets Save On VA Loans

For the third time in less than three months, the nation's veterans and servicemen are beneficiaries of substantial savings on interest on home loans guaranteed by the Veterans Administration.

Administrator of Veterans Affairs Donald E. Johnson noted payments on a typical loan, as a result of the latest reduction to 7 per cent effective Feb. 18, would be about \$21 per month less than they were before they were reduced from the peak 8.5 per cent interest rate last December.

During the life of the loan, savings would amount to approximately \$7,500. Johnson explained that these savings are based on the average \$24,600 loan on new homes, and the average \$20,000 loan on existing homes over a 30 year financing period.

Mortgage interest rates were reduced from 8.5 to 8 per cent

last Dec. 2, from 8 to 7.5 per cent on Jan. 13, and from 7.5 to 7 per cent on Feb. 18.

The VA administrator commented that after the reduction of the interest rate to 7.5 per cent in January, there was an immediate response from veterans who wanted to own their own homes.

"We believe there will now be an even greater stimulus to home ownership, builders, and the construction labor market with the new 7 per cent interest rate," he said.

VA guarantees 60 per cent up to a maximum of \$12,500, whichever is less, of home loans to veterans and servicemen.

Veterans of World War II and the Korean Conflict who have served at least 90 days of military duty, as well as those who served at least 181 days after Jan. 31, 1955, are eligible for home loan benefits, provided they have not previously used them.

Also eligible for these benefits are veterans discharged for service, widows of eligible veterans, and wives of members of the Armed Forces missing in action or prisoners of war for more than 90 days.

Your mother probably told you that a gas range is the only one that gives you instant-on, instant-off heat. Soft, gentle heat that surrounds the pan so there are no hotspots to make food stick and cook-ware warp.

And she probably told you that only a gas range lets you broil with the door closed.

Mother was right. But what she told you wasn't half of it. Because today gas ranges have gone modern in a big, big way.

Like, for you, oven scrubbing is out. You can choose one that cleans itself on command for pennies, or one that cleans itself continuously while you bake.

Choose an infra-red broiler and you get the job done in half the time Mom could... and the meat will be juicier and more tender, too.

You're sometimes out all day? So what! Choose an automatic oven and it will cook dinner, then keep it warm till you're ready for it.

And how about an automatic meat thermometer that signals when the roast is ready... or a built-in rotisserie, griddle and timer? You can have them all and lots more on a gas range... the range designed for today's life style.

Mom knew a thing or two about cooking with gas all right. But you could tell her a thing or two. Right?

See the modern gas ranges on display at our offices or visit your local appliance dealer or department store.

Mother never had it so good.

Clerk, Village of Antioch

Murrie Defeats...

(Continued from page one)
cent of the votes cast in the election.

Murrie said that Toft had called him about 7:45 p.m. and congratulated him on his return to office.

Reached at his home, Toft said, "I think Murrie deserved to win. If he had that many friends he is entitled to the job."

"I am very happy the way the results turned out Tuesday night," said the victor. "I feel it is a mandate in the way I conducted the office the past 16 years."

Murrie said the campaign with Toft rivaled the one eight years ago when he was opposed by Marvin Heath, a contractor.

Murrie said he and Toft were good friends despite the latter's loss. "We are still friends," said Murrie.

Blaine Ring was an easy winner for highway commissioner, defeating Richard R. Berger who was Floer's running mate on People's Independent Party.

Ring, the leading vote getter in Tuesday's election crushed his opponent in the voting 2432 to 253.

Toft ran as an independent. Geraldine C. Olson and LeMolne H. Batson won re-election to six year terms as library trustees. Both were unopposed.

EDITORIAL

Vote Saturday

The grade school and high school elections will be held Saturday.

The Antioch News is not making any suggestions in this election inasmuch as we are not familiar with the qualifications of the candidates.

However, we urge you to come out and vote and exercise your choice for the candidates you believe will do the best job for your schools.

Without your help, the candidates cannot be guided. But your vote will make the difference.

Take time out from your busy shopping and household duties to vote Saturday. Polls will be open from noon until 7 p.m.

Vote Saturday!

We Back Mrs. Kopriva

The College of Lake County will hold its election Saturday, with three candidates to be selected; one of them from the unincorporated area.

We strongly urge the voters of Antioch, Lindenhurst and Lake Villa to support Mrs. Helen Kopriva of 475 Winsor Drive, Antioch, to one of the seats to be filled in the election.

She has the qualifications for the office of college trustees, having served her "internship" on the grade school and high school boards.

Election of Mrs. Kopriva to the college board will give the northwestern section of Lake County representation, something it has been lacking since the founding four years ago of the community college.

Mrs. Kopriva will do an effective job, we believe, in guiding the growth of the college which will have a prominent roll in our educational and economic life in the years ahead.

We urge you to vote for Mrs. Kopriva when you visit the polls Saturday, April 10, to vote in the school election.

Letters to the Editor

Dear Editor,

School Board Elections are Saturday, April 10th. This should be an important election to the people of each School District. They are entrusting their Board of Education to set up proper and necessary curriculum, to obtain a good teaching staff and to wisely distribute the tax funds.

In the Antioch Community Grade School District No. 34, there are three candidates who are extremely well qualified to fulfill this obligation.

First—"C" RAY ATWOOD
Mr. Atwood was raised and educated in this community, is married, father of two children, and a local business man. He is serving his 25th year in Scouting, 5th year as Secretary-Treasurer of the Antioch Fire Protection District, and 2nd year as Vice-President of Oakland P.T.A.

Second—JOHN A. FRIES
Mr. Fries has lived in this community for more than 13 years. He has a Bachelor of Science Degree from the University of Illinois in Business Administration, Major in Accounting, and is in his third year at I.M.I., Lake Forest College. He is married and the father of six children. He is Manager of General Accounting, Corporate Division, for Fansteel, Inc. in the Antioch Grade School

Band Parent Association he has served 2 years as President, 2 years as Treasurer and is presently Vice-President.

Third—LAVERNE M. WOODS
Mr. Woods, an eight year resident is graduated from the Illinois Bankers School, Southern, Ill.; The Graduate School of Banking, Madison, Wis., and the School of Consumer Banking, University of Virginia. He is married and the father of three children. He is President of the First National Bank of Antioch, the only member of the Antioch Chamber of Commerce to serve two years as President and is also a member of the Antioch Lions Club Board of Directors.

These three candidates, all parents and taxpayers, because of their diversified backgrounds and experience, are highly qualified to fill these entrusted positions on the Antioch Grade School Board of Education.

Yours truly,
CONCERNED PARENTS
FOR BETTER SCHOOLS

Honor Petly...

mittee members for the dinner include William E. Brook, Dr. Richard G. Erzen, A. J. Katzenmaier, the Rev. Msgr. Harry C. Koenig, Dr. James Kopriva, the Rev. Carl Q. Lee, Irl H. Marshall, Bishop William E. McManus, Mrs. Jeannette Mullen, Mrs. Mary Pappas, Dr. Edwin C. Reichert, Edmund F. Vos, Richard Warfield, and H. L. Wesner.

ALONG THE WAY with Annie Mae

HAPPY BIRTHDAY

This week Frieda Wertz will be celebrating her 89th birthday. Many happy returns of the day.

VISITING ANTIOCH

Mrs. Ed. Walter (Rene), formerly of Antioch is staying at the home of Margaret Gaston while visiting many of her friends in the area.

VACATIONERS RETURN

Mr. and Mrs. Edmund Vos just returned from a pleasant trip to Hawaii. Mr. and Mrs. Fred Stahmer are back in Antioch after spending the winter at their home in Florida.

PROUD GRANDPARENTS

Mr. and Mrs. Howard Wells have a newly adopted grandson, Erick Christian, born February 27 at Hammond, Indiana. Mr. and Mrs. John Hassel are the parents. Mrs. Hassel is the daughter of Marie and Howard Wells. The paternal grandparents are the Clarence Hassels of Hammond.

LARGE TURNOUT

Congratulations to Red Murrile and Blaine Ring on their re-election to the Township offices.

MORE ELECTIONS

COMING UP
Saturday be sure to vote at the schools for their school board

Increase In Monthly SS Is Praised

Congressman Robert McClory today noted the Social Security increase for 26 million Americans payable June 3rd. The Social Security increase bill passed by Congress is retroactive to January, 1, 1971. Checks covering the May 1971 payment will reflect the 10 per cent increase. The increase for January, February, March, and April will be paid in a separate check to go out later in June.

The Social Security change also provides a 5 per cent increase in the special monthly payments (from general revenue funds) to certain people 72 years of age and older who are not eligible for regular social security cash benefits. This increase is also retroactive to January 1, 1971.

From his Washington office, Congressman McClory declared: "The equitable and sorely-needed benefits under Social Security reflects the determination of this Administration and of the Congress to treat the 26 million Americans on the Social Security rolls with understanding and a fuller recognition of their needs."

"The House vote of 358-3 bespeaks the overwhelming support of the Congress of these deserving citizens."

elections. One of particular interest coming up is the College of Lake County. Mrs. James Kopriva of Antioch is the only one on the ticket representing this area. Antioch High School is the place to vote for both the high school board and the College of Lake County. Be sure to vote in your respective grade school board elections, too. Saturday is the day—from noon to 7 p.m.

MAKE A GOOD GUESS

The State Bank is having its annual egg guessing game to provide fun for the children up to twelve years. There is no purchase necessary, just fun to be had.

EASTER EGGS

Maybe that great big egg Junior found wasn't left by Peter

\$669,895 In Bonds Purchased

Lake County residents purchased a total of \$669,895 in series E and H United States savings bonds in February according to Richard F. Kennedy, and Richard D. Newland, Waukegan, county co-chairmen of the savings bonds committee.

Illinois sales were \$27,838,887 according to Clarence S. Sachowski, market director of the Treasury savings bonds division down 1.28 percent last February.

Illinois sales represent 6.5 percent of the national total of \$431,000,000 and purchases in the first two months equal 18.7 percent of the 1971 goal of \$313,600,000.

Sales for February 1970 in Cook County and the State of Illinois included Freedom Shares which were discontinued June 30, 1970. Sales of Series E and H bonds alone, therefore, are practically the same as last February.

Seems as though some young people think that doing their own thing means doing nothing.

Now is the time to throw out the pussy willows that have been collecting dust all year and start looking for fresh ones.

Schedule Trustee Luncheon

Candidates for the village board have been invited to attend a Chamber of Commerce luncheon meeting at Lorenz's on Wednesday, April 14.

Rabbit at all. Two ostriches escaped from their pen at the home of John Kopszynsky of Hebron last Saturday and are now somewhere looking for greener (or sander) pastures. If you see them give John a ring.

SUNNY SKIES

Looks like the weather will cooperate with all of us for a Happy Easter and colorful Spring togs for our visits to church and family get-togethers.

Happy Easter from

ANNIE MAE

And Harvey the Rabbit

It's easy to place a classified—Just dial 395-4111.

They will be given the opportunity to express their opinions and position on matters of general interest and concern to the Antioch Chamber of Commerce.

"This will be an excellent opportunity to become more acquainted with the trustee candidates before casting your ballot on Tuesday, April 20," chamber officials said.

Questions to be directed at the candidates may be sent to Fred Walpole, chairman of the Civic Relations Committee, at the Antioch Savings and Loan or with Joanne Shute, executive secretary, at 966 Victoria St.

Candidates will be given five minutes to comment on the following questions:

—What are your reasons for seeking election to the village board?

—What innovative ideas do you

have for the betterment of the entire village?

—What is your position on such matters as: acquisition of off-street parking, improving the level of police protection, increasing efforts to attract new industry, etc.?

Three trustees will be elected for four year terms, while one will be elected to fill an unexpired two year term.

WANT TO INCREASE YOUR SALES?

Village Board...

(Continued from page one)
the development come in and I like to deal with local people." Said George Bartlett, "Basically, I am in favor of the project. However, the multiple family ratio exceeds that of the limit which poses the area of disagreement. I definitely don't want to stop this development, but believe that there should be further negotiation that could result in mutual agreement."

"We were just trying to avoid spot zoning," said Dr. Abderhalden. "We were trying to avoid this gap in the zoning pattern."

"Are we leaving ourselves liable with more multiple housing in the future," said Mayor Toft. "Suppose another developer came in, we would possibly have to make the same consideration on multiple housing."

"We have dealt in good faith," noted Ted Costoff. "It is time for consideration, and all trustees should stand up and be counted on this issue."

"We have never received any cooperation on this issue," charged Larson. "We have received nothing but harassment from the village mayor, engineer and attorney. We have tried to cooperate in all aspects of the village ordinance, but have received nothing but harassment on this issue."

He noted that many of the opposing comments were made at other meetings, but not at an open session. "We have agreed to everything including sewer, water and lighting," he declared. "We are being harassed, and I think action should be taken to see where we stand."

Toft denied that it was the intent of the board to harass anybody.

"Do you believe the percentage of multiple housing could be cut to five per cent at this time," said Burnette, "and then come in at a later date with five per cent more."

Dr. Bucar demanded, "All I ask is you vote tonight—yes or no."

Wilton made the motion to approve the pre-annexation agreement, supported by Radke.

During the roll call, Bartlett said, "The additional discussion has enlightened me, and I change my thinking in voting for the pre-annexation."

It brought to an end a discussion including preliminary meetings with the trustees, Zoning Board of Appeals and the Plan Commission on the development that went back as far as a year ago.

3 To Be Elected...

Kim Shkopich is the stage manager and Suzi Burns is in charge of choreography.

Bill Introduced To Protect The Unborn From Rubella

A bill to protect the unborn from the crippling and sometimes deadly effects of German measles (Rubella) was introduced in the General Assembly recently.

Representative John H. Conolly, Waukegan, introduced a bill that would require a woman who is seeking a marriage license to obtain a physician's certificate showing that she had been tested for susceptibility to Rubella and has been proved immune. In the absence of such proof by test, the woman would be required to submit a physician's statement that she had been immunized against Rubella.

However, the requirement would not apply when the woman was pregnant at the time of applying for a marriage license. "Medical authorities estimate that 50,000 babies either died in the womb or were born with serious defects as a result of a German measles epidemic in 1964-65," Conolly said. "The insidious thing about Rubella (German measles) is that the symptoms can be so mild that a pregnant woman may not know she has had the disease until her child is born deformed."

"Fortunately, 9 out of 10 have had a mild case of German measles in childhood and are immune. A test, the HAI test (hemagglutinating antibody) has been developed which will tell. If the result is negative, it is an indication the individual is susceptible to Rubella."

"This bill—by requiring the test before marriage—would alert a susceptible woman to this danger. She would then have the opportunity to be immunized. Then, after waiting for a 2 month period—as her physician would probably recommend—she could again apply for a marriage."

"This wait is necessary because Rubella vaccination during preg-

Murrie Defeats...

(Continued from page one)
cent of the votes cast in the election.

Murrie said that Toft had called him about 7:45 p.m. and congratulated him on his return to office.

Reached at his home, Toft said, "I think Murrie deserved to win. If he had that many friends he is entitled to the job."

"I am very happy the way the results turned out Tuesday night," said the victor. "I feel it is a mandate in the way I conducted the office the past 16 years."

Murrie said the campaign with Toft rivaled the one eight years ago when he was opposed by Marvin Heath, a contractor.

Murrie said he and Toft were good friends despite the latter's loss. "We are still friends," said Murrie.

Blaine Ring was an easy winner for highway commissioner, defeating Richard R. Berger who was Floer's running mate on People's Independent Party.

Ring, the leading vote getter in Tuesday's election crushed his opponent in the voting 2432 to 253.

Toft ran as an independent. Geraldine C. Olson and LeMoine H. Batson won re-election to six year terms as library trustees. Both were unopposed.

Service men, Vets Save On VA Loans

For the third time in less than three months, the nation's veterans and servicemen are beneficiaries of substantial savings on interest on home loans guaranteed by the Veterans Administration.

Administrator of Veterans Affairs Donald E. Johnson noted payments on a typical loan, as a result of the latest reduction to 7 per cent effective Feb. 18, would be about \$21 per month less than they were before they were reduced from the peak 8.5 per cent interest rate last December.

During the life of the loan, savings would amount to approximately \$7,500.

Johnson explained that these savings are based on the average \$24,600 loan on new homes, and the average \$20,000 loan on existing homes over a 30 year financing period.

Mortgage interest rates were reduced from 8.5 to 8 per cent

last Dec. 2, from 8 to 7.5 per cent on Jan. 13, and from 7.5 to 7 per cent on Feb. 18.

The VA administrator commented that after the reduction of the interest rate to 7.5 per cent in January, there was an immediate response from veterans who wanted to own their own homes.

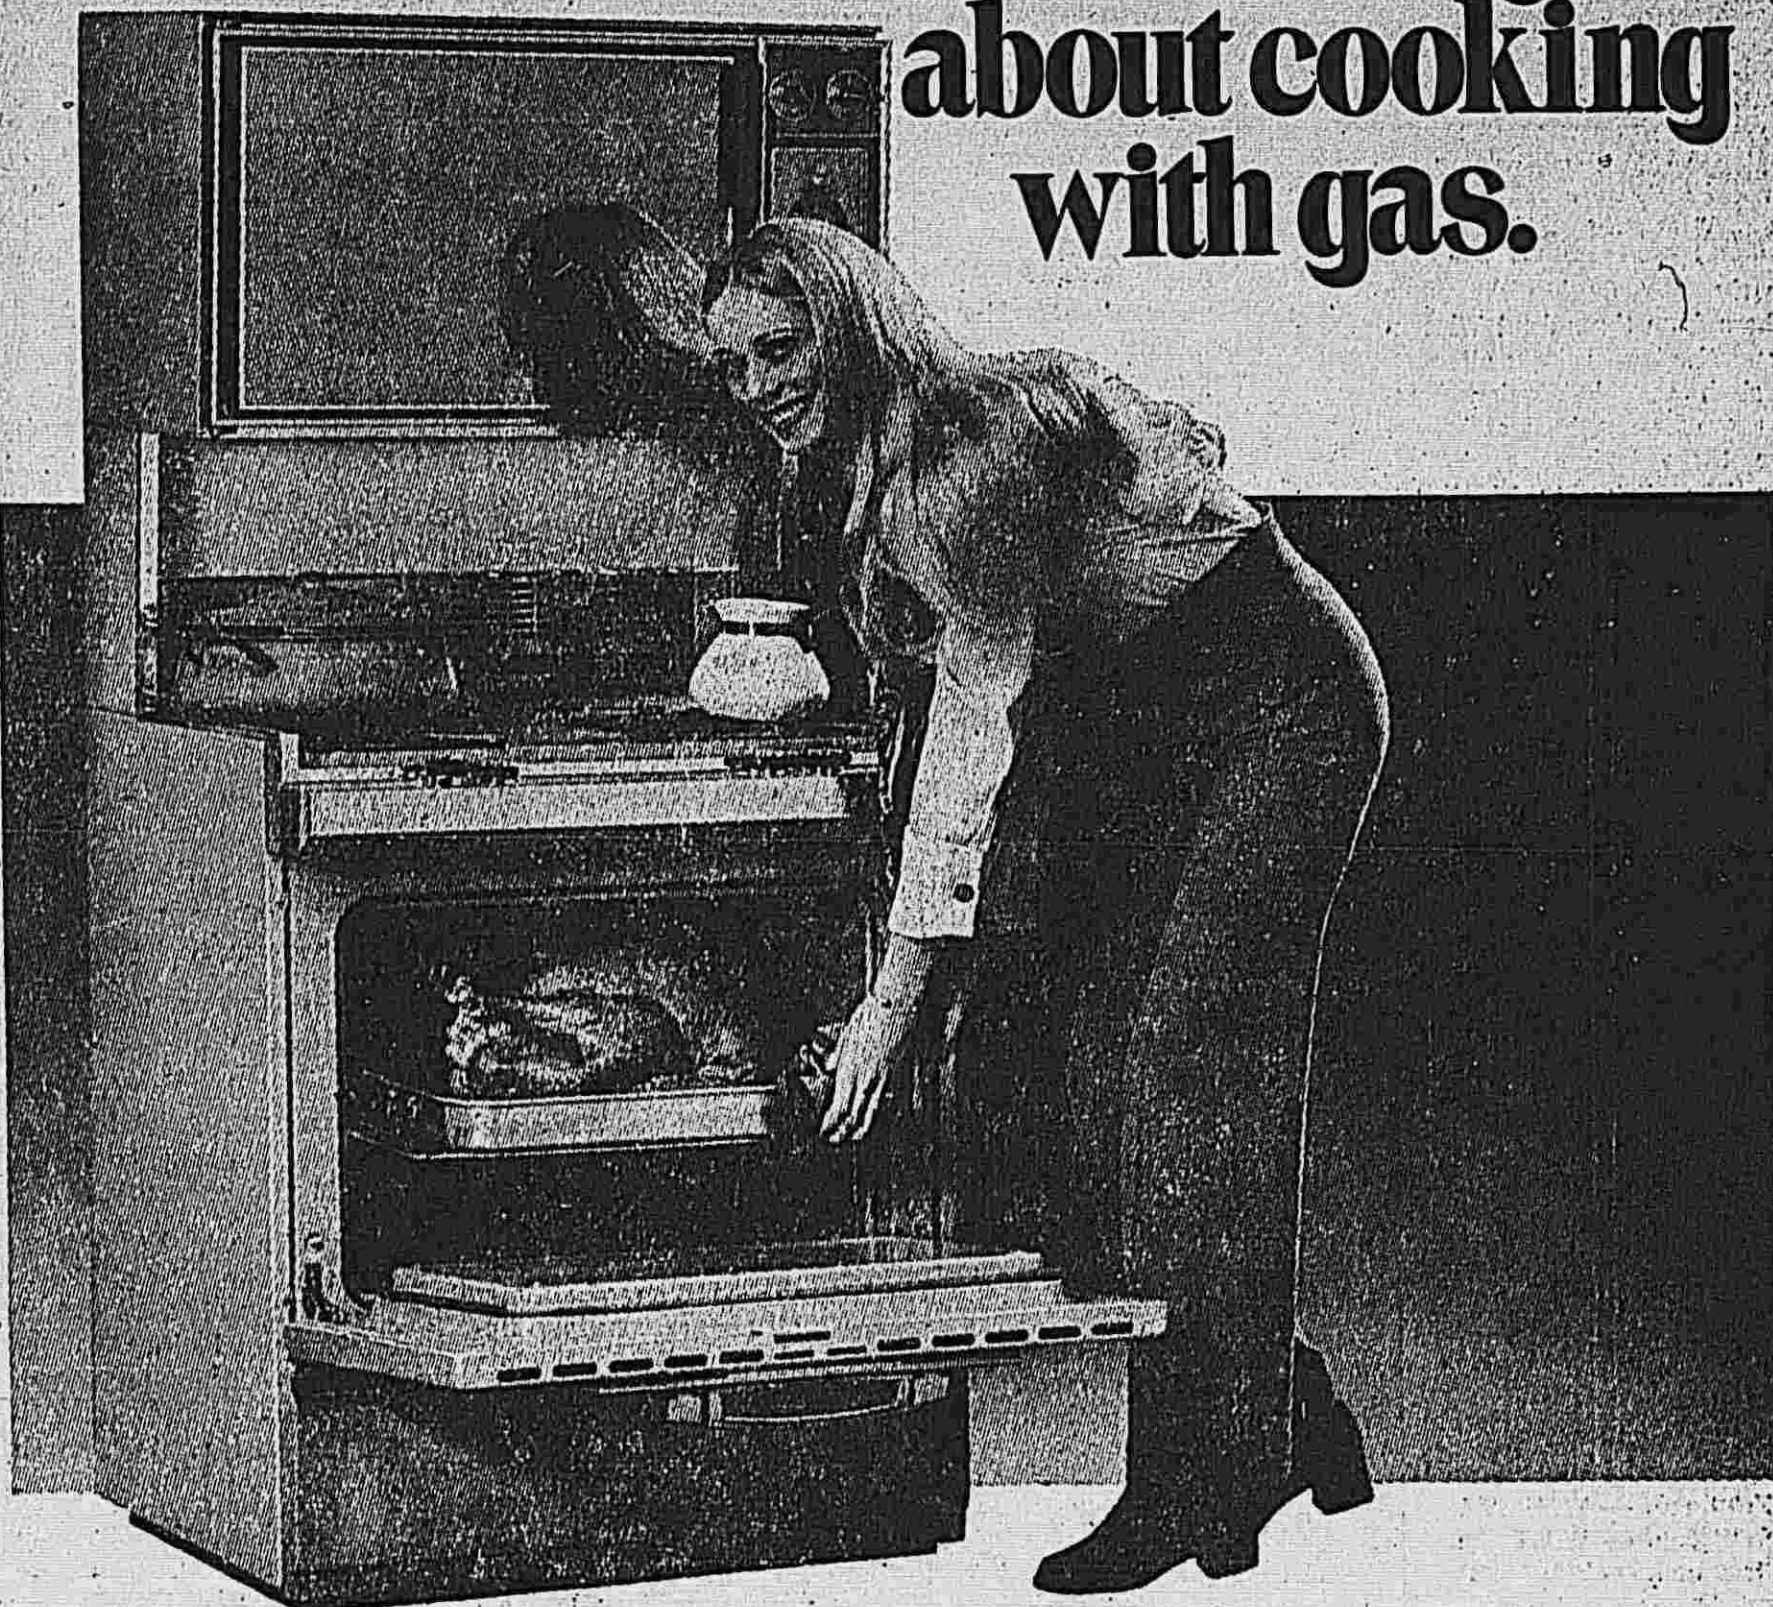

"We believe there will now be an even greater stimulus to home ownership, builders, and the construction labor market with the new 7 per cent interest rate," he said.

VA guarantees 60 per cent up to a maximum of \$12,500, which ever is less, of home loans to veterans and servicemen.

Veterans of World War II and the Korean Conflict who have served at least 90 days of military duty, as well as those who served at least 181 days after Jan. 31, 1955, are eligible for home loan benefits, provided they have not previously used them.

Also eligible for these benefits are veterans discharged for service, widows of eligible veterans, and wives of members of the Armed Forces missing in action or prisoners of war for more than 90 days.

What mother never told you about cooking with gas.

Your mother probably told you that a gas range is the only one that gives you instant-on, instant-off heat. Soft, gentle heat that surrounds the pan so there are no hotspots to make food stick and cookware warp.

And she probably told you that only a gas range lets you broil with the door closed.

Mother was right. But what she told you wasn't half of it. Because today gas ranges have gone modern in a big, big way.

Like, for you, oven scrubbing is out. You can choose one that cleans itself on command for pennies, or one that cleans itself continuously while you bake.

Choose an infra-red broiler and you get the job done in half the time Mom could... and the meat will be juicier and more tender, too.

You're sometimes out all day? So what! Choose an automatic oven and it will cook dinner, then keep it warm till you're ready for it.

And how about an automatic meat thermometer that signals when the roast is ready... or a built-in rotisserie, griddle and timer? You can have them all and lots more on a gas range... the range designed for today's life style.

Mom knew a thing or two about cooking with gas all right. But you could tell her a thing or two. Right?

See the modern gas ranges on display at our offices or visit your local appliance dealer or department store.

Mother never had it so good.

Thursday, April 8, 1971 THE ANTIOCH NEWS—4

Three From Antioch Attend Conference

Nearly 500 foreign language teachers from throughout Wisconsin and Northern Illinois attended the sixth annual Foreign Language Conference held at White-water State University, White-water, Wis., Saturday, March 27. Dr. M. Florence Steiner, director of public instruction and developmental services for the Glenbrook, Ill., high schools, gave the keynote speech concerning individual instruction. Sectional meetings followed for teachers of Spanish, Slavic languages, French, German, and Latin. Attending the conference from Antioch Community High School were: Mrs. Carol Maplethorpe, Miss Jean Neumann, and Mrs. Fern M. Tate.

Scholarship Awarded Eve Marie January

Eve Marie January, daughter of Mr. and Mrs. Ernest January of Antioch, was awarded the Golden Jubilee Scholarship for 1971 by the Scholarship Selection Committee of District 26. Many applications for the scholarship were considered and the competition was very keen since there is but one award for the entire county and most of the top students compete.

Eve is a student at Antioch Community High School and will graduate in June of this year. The presentation of the award took place April 1st at the Antioch Community High School.

YWCA To Hold Bridge Party

A spring Card Party, sponsored by the Friday Afternoon and Monday Morning Bridge Clubs, will be held at the YWCA new gym at 445 North Genesee Street, Waukegan from 1 to 4 p.m., April 19. Mrs. Lester Swank, General Chairman of the event said that tickets are available at the YWCA or from her co-chairman, Mrs. George Schuett and Mrs. Zella Johnson of Waukegan.

Mrs. Weber Is Welcome Wagon Hostess

Mrs. Elaine Weber has just completed a course preparing her for Antioch's Welcome Wagon hostess. Living at 465 Edgewood Drive, she is one of 6,000 Welcome Wagon hostesses who make more than a million calls annually on families in more than 4,000 cities.

CHRISTIAN SCIENCE CHURCHES

The Resurrection by Pearl G. Curran will be sung on Easter by the soloist of First Church of Christ, Scientist, Ingeborg Weighart, accompanied by the organist, Ida Koberstine.

Other music for the occasion will include Fling Wide the Gates (Stainer), Christ Arose (Rasley), Holy City, Ardmore, and Jesus Christ Is Risen (Morrison).

"And he saith unto them, Be not affrighted: Ye seek Jesus of Nazareth, which was crucified; he is risen; he is not here: behold the place where they laid him." These words from the account of the resurrection in the Gospel of Mark are part of the Bible Lesson-Sermon, "Are Sin, Disease, and Death Real?"

One of the supporting citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "Jesus' deed was the enlightenment of men and for the salvation of the whole world from sin, sickness, and death."

Everyone is invited to attend First Church of Christ, Scientist, Rte. 173 and Harden St., Antioch, Illinois. The service begins at 11 a.m.

Judge Otto Kerner, former governor of Illinois, will be one of the guests at the 1971 Mental-Health Cotillion to be staged April 17 at The Abbey, Fontana, Wis. Shown, left to right by the poster advertising the event, are Mrs. Max Jester, and Mrs. Ray Lorenz.

American Legion Auxiliary News

By DEL JAHNEKE
"April is known as 'Child and Youth' Month in the American Legion and the Auxiliary"; according to Mrs. William Schultz, Sharvin Unit, 10th District Child and Youth Chairman. The major concern of this program is to improve conditions for all children with special emphasis on the care and protection of veteran's children.

"A Square Deal For Every Child" has long been the slogan and watchword for the American Legion and the Auxiliary. Both organizations join in sponsoring the special projects for all children and fill a particular need whether it be for protection, housing, food, clothing, medication, hospitalization, moral and spiritual guidance or just plain loving care. Importance is also played on the problems of drug abuse, mental and physical retardation and problems of the pollution of this environment.

One of the high points in this program deals with veteran's children at the Illinois Sailor's and Soldier's Children's School (ISSCS) at Normal, Illinois, as well as veteran's children in other schools and institutions throughout the state of Illinois. The 10th District American Legion and the Auxiliary have sponsored Harbord Cottage and the children for many years, at ISSCS. This June 6th is the annual "Pilgrimage to Normal", during which the 10th District joins the other 24 districts in the state in bringing picnic lunches and a needed gift for their Cottage — gifts in the past include television sets, record player and records, washer and drier, lawn chair lounges, kitchen equipment, etc. Sponsors are assigned for each child so that personal contact can be made through correspondence, birthday remembrances and gifts on special occasions to augment the financial help given through the Illinois Auxiliary. At present, there are 14 boys at Harbord Cottage, sponsored by 14 Units in 10th District.

Mrs. William Dowden, Antioch Unit child and youth chairman, states that the Antioch Unit has taken care of a boy at Harvard for several years. The Antioch Unit contributes to the Harbord Cottage Fund, the ISSCS spending money fund, and makes the necessary expenditures for the 10th District child and youth activities. Contributions from local Units in the American Legion Auxiliary assist in the sponsoring of Indian children throughout the Southwest through the "Save The Children Federation" which provides funds for clothing, books and other essentials so they may continue their daily life and attend school as other children do.

In addition, the 10th District American Legion and the Auxiliary hold an annual "Christmas Caravan" with presents for the children from the Arden Shore Home, Allendale School for Boys and the Lake Villa Central Baptist Children's Home. They also host a picnic party for these same children in May, with contests, prizes and boat rides.

Mrs. Ray Rathman, Antioch, District Junior Activities Chairman, says that the 10th District Juniors will hold their next meeting at the Libertyville American Legion Home, on April 23rd, at 7:30 p.m.

The Antioch American Legion Auxiliary No. 748 will be held in their regular meeting on April 12th, at 8:00 p.m., at the American Legion Home. Mrs. John W. Horan, President, will conduct the meeting.

There will be a "Draping of the Charter" since Mrs. Andrew Kalnick, a member of some year's

standing, died last week. Mrs. F. A. Swenson, Chaplain, Mrs. J. W. Horan, and others will participate in this ceremony.

A discussion will be held regarding the feasibility of changing the meeting night to another date. Plans will be finalized for the April 14th Meeting of the 10th District American Legion Auxiliary to be held at the Antioch Hall.

Hostess chairmen are Mrs. Sam Pettigrew, with Mrs. John Harrison, Mrs. Edward Janheke and Mrs. Robert Dunlay, Jr. as committee members.

On March 25th, Mrs. Ray Rathmann, rehabilitation chairman, and Mrs. J. W. Horan helped the Deerfield Unit members entertain 200 patients at Downey Hospital. Games were played and refreshments served.

Department. Historian, Illinois American Legion, John L. Horan and Mrs. Horan, Americanism chairman; and District Sergeant-at-Arms Ed Janheke and Mrs. Janheke, 10th District Publicity Chairman; were present at the New Citizen's Reception, held at the Homer Dahlinger American Legion Home in Waukegan, on March 30th. Antioch Unit was one of the hostess units.

In attendance at the State Patriotic Conference, held at the Sherman Hotel in Chicago, on March 31st, were Mrs. J. W. Horan, Mrs. J. L. Horan, Mrs. Sam Pettigrew and Mrs. Frank Kennedy. They reported that they were very impressed with all the speakers and their subjects — Americanism, Civil Defense and National Security. They urge everyone to write letters to the national legislators and to the North Viet Nam Officials requesting better living conditions and more humane treatment for the prisoners of war, and names of the men who are imprisoned by the Viet Cong.

Clairvoyant, Irene Hughes will be guest speaker at the Spring Luncheon of the Woman's Auxiliary to the Lake County Society, Tuesday, April 13.

The noon luncheon at the Deerpath Inn, Lake Forest will include the installation of Auxiliary Officers for 1971-72 by auxiliary member, Adele Kweder, incoming State Auxiliary President. Reservations can be made by calling Mrs. Ronald Hoffman of Libertyville by Friday, April 9. Guests are invited.

Collect \$803 In Palsy Drive

One hundred and 92 volunteers collected \$803 in Lake Villa in the United Cerebral Palsy fund drive according to Mrs. Arthur Deutsch, chairman of the Lake Villa campaign.

A special treat is in store for writers who attend the Waukegan Public Library Conference Room meeting on Saturday, April 10, at 2 p.m. Guest speaker will be Mrs. William (Bernice P.) Just, the "Just About People" columnist for the Waukegan News Sun. Mrs. Just has worked with the paper since 1951, first as a typesetter and later as reporter-columnist.

The Chapter Night meeting was called to order by Senior Regent Erna Toft. The guides then escorted membership committee chairman Jane Kish to the altar where she introduced the members of her committee. Those present were Doris Hart, Mary Cichon, Estelle Gatch, Ann Barone, and Alice Young.

After presenting checks for the W.O.T.M. Scholarship Fund, embroidery floss, and the American Cancer Society, Chairman Kish then introduced her speaker for the evening, Dr. Fred Bobzien. He appeared as a representative of the Cancer Society with movies to explain the two most prevalent cancers among women. After the films showed how to perform self-examination and the reasons for a yearly check-up by your doctor, Dr. Bobzien conducted a question and answer session. As this is a very important subject, the Chapter held this session as an open meeting, and co-workers and guests, totaling 63 in number, received much valued information.

The chapter then proceeded with the enrollment of new candidates. The regular members

were: Helen Basak and Eye Kupec, sponsored by Rosemary Smith; Inez Tjederman, Carol Basten, Bernice Lupa, and Dorothy Barnstable, sponsored by Jerri Polson. The Home Chapter members are Marie Jacobsen and Deloras Spitzer, sponsored by Gerry Mark.

Chapter pins were awarded to Virgine Gulbrandsen, Irene Lehmann, and Ann Gialds for attending three consecutive meetings.

On the calendar: On April 12 a Star Recorder meeting will be held at the home of Pat Wagner; on April 20 the nominating committee will meet at Senior Regent Erna Toft's home; April 21 is Green Cap Night at the Waukegan Chapter. Please register with Recorder Jerri Polson; on April 22 there is a friendship meeting at 7:30 at the Moose Lodge that is very important, and please contact Bernie Rosquist about your attendance.

At the next Chapter meeting on April 15, the Membership Committee will hold a "silent auction."

On March 30, our Chapter presented a very good showing at the Cicero Lodge for their Green Cap Night. Our Green Cap girl, Rose Marie Hadley, had the honor to perform the chaplain's station, and with her escorts Shirley Rentsch and Fran Boxley performed very well. Also attend-

ing were Senior Regent Erna Toft, Junior Regent Judy Page, Recorder Jerri Polson, Treasurer Catherine Kloth, Argus Marjorie Hartman, Collegians Harriet Grewe, Gerry Mark, Gladys Schroeder, Chairman Dorothy Tralewski, Irene Clark, Dorothy Laursen, Escorts Pat Sperling, Leslie Jones, and co-workers Emily Novotny, Sophie Trembay, Fay Dultz, Lydia Pedersen, Gerry Schumann, Ramona Paluch, and Anna Carpenter.

Parents Will Visit Upper Grade School

Parents "back to school night" will be Tuesday, April 13 at 8 p.m. in the new Antioch Upper Grade School.

Parents of students enrolled in the Upper Grade School are invited to attend.

This will give the parents an opportunity to go through their child's class schedule and ask questions about the program.

Little League Registration

Registration will be held on three consecutive Saturdays, starting April 10 for the Minor, Little League and Babe Ruth League from 10 a.m. until 4 p.m. at the Scout House. Other registration dates are April 17 and 24.

What's electric heat got that the others haven't?

There is no heat that is anywhere near as clean as electric heat. Because other heats use a flame. And a flame needs air. Some of that air comes from the outside, bringing dirt in around doors and windows. Dirt that wouldn't be there with flameless electric heat. And because you're not drawing in that dry outside air, you maintain a better humidity level. So you're more comfortable.

Electric heat gives you a wide selection of heating systems. Heating cables can be installed right in ceiling and floors. You don't even know they're there. But you'll be living cleaner and quieter. And because the heat comes from the ceiling, you can put your furniture anywhere you want it. And there's individual room control.

The same thing is true for baseboard heat. It's installed where you need it most. Like under windows and along outside walls where your

room is coldest. Again you get individual room control. And then there's an electric furnace. A furnace that has no flame, so you get a cleaner, more even heat. And if you prefer hot water heat, you can even have a flameless electric boiler. Think about what you're heating with now: the dirt, noise, and maintenance. Is it all worth it?

To find out which electric heat is best, where you live or plan to live, contact your nearest Commonwealth Edison Office and ask for an Electric Heating Consultant. © C.E.C.

Tuition Up At Three Universities

Tuition rates for residents of Illinois who are students at the three Regency universities will go up this fall.

The Board of Regents, which governs Illinois State at Normal, Northern Illinois University at DeKalb, and Sangamon State at Urbana, has approved a tuition increase to a level representing one-third of instructional costs for in-state students.

At Northern, tuition will jump from \$172.50 a semester to \$202. The hike represents the second increase this year, and is in line with recommendations by the Illinois Board of Higher Education.

The regents issued a statement that the increase was recommended by them "regretfully," in order to prevent "further substantial cuts in the budgets of the universities."

The tuition increase had been opposed by NIU President Rhoten A. Smith and student groups.

Movies are condemned by people who never see them and religion is condemned by people who never try it.

Susan Lindblad Weds March 27 In Springfield

Mr. and Mrs. Robert Lindblad of Feller's Subdivision announce the marriage of their daughter, Susan, to Mr. Marshall K. Bickel, son of Mr. and Mrs. Clarence Bickel of Virden.

The marriage was on March 27, in the Lauren United Methodist Church in Springfield.

The Rev. Oliver Keiser officiated.

Honor attendants were Mr. and Mrs. William Fraser of Springfield. The young couple will reside in their new home at Rt. 1, Box 199, Cheyenne Drive, Auburn.

Residents Warned On Lightning Rod Sellers

Attorney General William J. Scott has warned all Illinois citizens to be extremely cautious in dealing with itinerant lightning rod salesmen.

From Springfield to Paris, Ill., where one woman gave workmen a check for \$1925 to install new wiring, citizens are being bilked out of money for supposedly damaged lightning rods.

By telling the home owner (often a woman living alone) that the existing lightning rod has been struck by lightning and damaged the wiring, the salesman-offers to make the necessary repairs right away. Where no lightning rod exists, they simply sell the customer a new installation. The equipment is carried with the salesman, thus making it unnecessary for him to make a return trip. All sales are cash.

The Attorney General's office is asking the help of all county sheriffs in Illinois in apprehending these peddlers. Scott's office alleges that these salesmen are deliberately misleading the customer with scare tactics and installing unnecessary equipment at exorbitant fees.

In light of reports from victims of the hoax who informed Scott's office of salesmen asking questions as to bank balances, whether or not they live alone and gaining entrance to the home to do their work, it is feared that further repercussions may occur.

The salesmen, who are self-employed, obtain their merchandise from a lightning rod manufacturing firm in Maryville, Mo., and often represent themselves as being directly associated with the United Lightning Rod Protection Company when, in fact, they are not.

George Schafer, Chief of Scott's Consumer Protection Division, said, "Should you feel that lightning rods are necessary protection and you wish to use them, contact a local electrician, lumber yard or general contractor. Do not purchase such equipment from traveling salesmen."

Should a man or woman appear at your home selling lightning rods, get their license number and name, if possible, and report it to your sheriff or local police.

Says the Harlowtown, Mont., Times: "The income tax law has 930 pages and is 'explained' in 17,000 pages of court cases and Internal Revenue regulations. Maybe in order to study briefly the taxers ought to consult the Ten Commandments and Gettysburg Address."

Disabled Veterans To Benefit From New Law

About 52,000 severely disabled veterans and servicemen will benefit from a new law (P.L. 91-606) increasing allowances from \$1,600 to \$2,800 for the purchase of specially equipped automobiles.

The law also authorizes VA to provide adaptive devices to enable operation of the vehicles, and to repair and replace such equipment. For the first time in the auto grant program, severely disabled servicemen on active duty are eligible. Administrator of Veterans Affairs Donald E. Johnson pointed out.

He said the total program will cost about \$17.5 million the first year. He also noted the \$1,000 allowance for automobiles and conveyances had been in effect since 1946, and was increased to \$2,800 when the president signed the Disabled Veterans' and Servicemen's Automobile Assistance Act on Jan. 11.

It was explained that 48,600 veterans who have already received the \$1,600 car allowance are not eligible for additional funds for this purpose. However, VA is now authorized to provide, replace or repair adaptive equipment for their cars.

Veterans who have lost, or lost the use of, one or more hands or feet, or suffered a loss of vision to a prescribed degree as a result of service since Jan. 31, 1955, are eligible for the new law's benefits.

Veterans with similar losses as a direct result of the Korean Conflict or World War II are also covered.

Enrollment Opens For Forestry Farm

Illinois boys between 15 and 17 can get a first hand look at problems in timber production and soil and water conservation this summer at the 20th annual Illinois Boys' Farm Forestry Camp, August 1-7.

The camp is located on West Frankfort Lake in Franklin County, in the heart of the southern Illinois forest region, says Ray T. Nicholas, Lake County Extension Adviser.

The week-long camp will give campers an opportunity to learn more about the practical applications of forestry to farming operations. The experience provides background for managing farm woodlands for lumber, Christmas tree plantations, and wildlife protection areas, Nicholas adds.

Since the camp started in 1952, 1,025 boys representing 4-H, FFA, Boy Scouts, and church organizations have taken part in camp activities.

Application forms for the 1971 camp are available now at the Lake County Extension Office, P. O. Box 267, Grayslake, Illinois 60030. Telephone No. 223-5844. Leadership ability and experience with forestry projects at home or in school or club work will be considered in selecting 1971 campers, Nicholas adds. Applications are due by May 1.

The Illinois Technical Forestry Association, a non-profit organization for the promotion of the intelligent use of forest and wood products, sponsors the camp each year. Financial support comes from wood-using and coal producing industries, farm and conser-

vation groups, and local organizations.

More than 30 foresters, agricultural and conservation leaders, and teachers and University of Illinois Extension staff members provide the instruction.

Registered Vehicles: 192,403

Lake County had 192,403 registered vehicles in 1970, according to Secretary of State John W. Lewis.

The license plate fees amounted to \$8,466,791.91, for Lake County, Lewis said.

The secretary's report showed that Lake County had 159,821 passenger cars; 17,701 trucks and buses; trailers and semi-trailers, 10,011; and dealers 181.

In the state, motor vehicle registration for 1970 showed an increase of 216,774 over 1969 for an all-time high of 5,712,204.

Revenue from license fees rose \$37,330,941.79 for a total of \$227,111,965.92. The increase reflects the effect of higher passenger car fees enacted by the 1969 session of the General Assembly which were effective with 1970 registrations, Lewis said.

Dental Aides In Demand Says College Instructor

"Knowledgeable, trained dental assistants are in great demand today to fill positions in dental offices, clinics, and health agencies in northeastern Illinois," according to Mrs. Elizabeth Peterson, instructor in the dental assisting program, College of Lake County.

"The one-year dental assisting program at the College of Lake County prepares the graduate to perform a wide variety of interesting tasks in today's modern dental office. The trained assistant is not merely an office manager and receptionist, but actually aids the doctor as a chairside assistant and laboratory aide. The assistant prepares the patient for examination, readies instruments and equipment for the dentist, and is a co-worker during the treatment procedure."

CLC graduates receive a certificate as a graduate dental assistant and are eligible to take the certifying examination given by the American Dental Assisting Association.

Mrs. Peterson announced that the American Dental Association is seeking to encourage enrollment in the dental assisting program and is accepting applications for the 1971-72 dental assisting education scholarships. These scholarship awards carry a \$200 stipend for tuition and fees and may be used by a student who elects to attend the College of Lake County. Last year, 24 scholarships were awarded to students enrolled in 20 of the 171 dental assisting programs, accredited by the Council on Dental Education by the American Dental Association.

Stock Car Racing Back At Speedway Saturday

The color and excitement of short track late model stock car racing will return to the Waukegan Speedway this Saturday night April 10 and Sunday afternoon, April 11. The one quarter mile asphalt oval is located 1/4 mile east of Rt. 41 on Washington St. near Waukegan.

Once again this year Waukegan will get the jump on other area tracks by its early April kickoff. Over 30 late model entries are expected for each program. The weekly Saturday night program will start at 8 and the Sunday races at 2:30. Time trials will be one hour earlier.

Leading the entry list for the opening weekend will be the top

six point finishers of 1970. Defending champion Ray Young of Dolton will field a new Mercury Cyclone for this year's championship campaign. Over \$1000 will be the bonus for this year's late model title winner.

Rounding out the top six from last year respectively are Jim Cossman of Waukegan, Bob May of Gurnee, Vern Browne of Wauconda, Bob Anzinger of McHenry and Lee Schuler of Lockport. Of these drivers Browne races a Dodge Charger while the remainder compete in Chevies.

This season will be the first in which Waukegan has offered Sunday afternoon racing in the spring along with the Saturday

night events. Sunday events will switch to evenings during May.

Since the track is asphalt, the cancellations are held to a minimum in the spring. Over the past two years 13 April dates have been scheduled with only three nights being stopped by the weatherman. In case of questionable weather conditions, fans can check last minute information by calling 662-8200.

Leading the challengers to unseat Ray Young from the late model championship will be Bob May. May finished the 1970 season in strong fashion, stealing the one lap qualifying record from Young in mid-September.

May finished third in the overall point standing last season at Waukegan. For this season May will race a 1967 Chevrolet. Young, winner of the last two track titles on the Waukegan asphalt, will race a 1967 Mercury Cyclone.

Bob May, at 29 years of age, is a relative newcomer to stock car driving, starting his racing career just three seasons ago at Waukegan. The Gurnee driver has learned quickly and now has the track record of 14.19 for one lap on the quarter mile oval. At the season's end May was voted by the fans as Waukegan Speedway's "Most Popular Driver."

Besides being the big winner during the season, the Waukegan champion will receive a sizeable cash bonus following the racing campaign. Last year Young picked up \$1000 and this year's top prize will be at least that large. In 1971 twenty late model and fifteen hobby drivers will share in the Waukegan bonus fund.

Jim Cossman will be roaring into his 10th year of stock car competition at the Waukegan Speedway Saturday night and Sunday afternoon. Cossman was the "King of the Clay" at Waukegan in the middle 60's and now he wants that title on the two year old Waukegan asphalt.

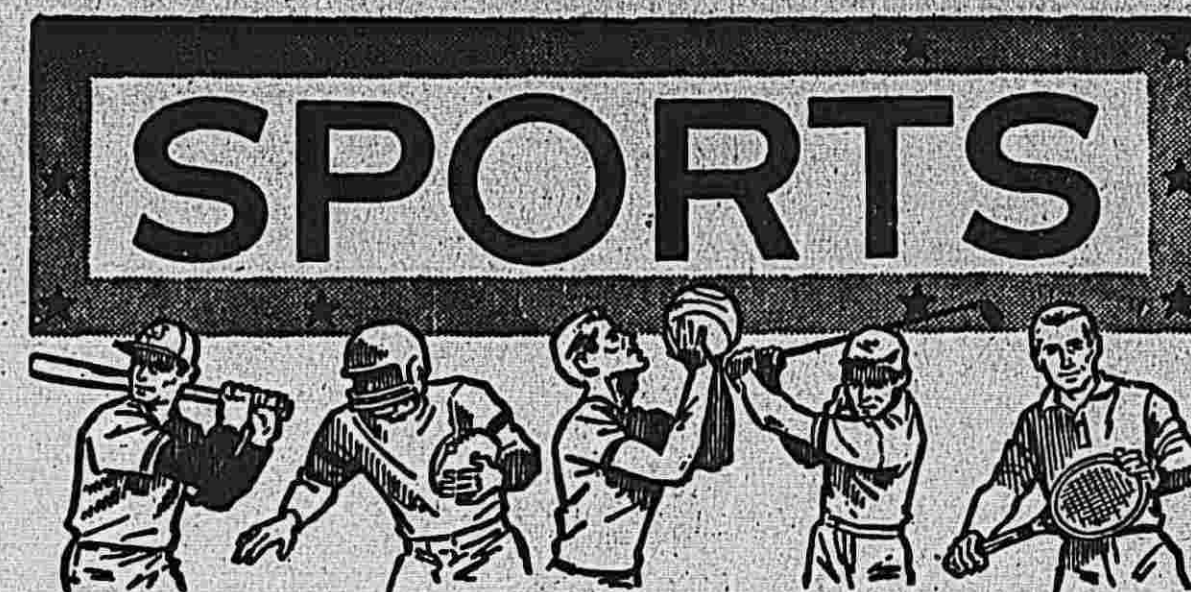

Cossman raced to four late model titles on the clay, but he slipped to third when the track was resurfaced in 1969. Last year he climbed back to second spot and this year could find him number one again. For the championship run Cossman will have a fresh 1967 Chevrolet ready.

Jim has always raced Chevrolets at Waukegan. A 1957 Chevy carried Jim to the '64 title. In '66 and '67 Cossman guided a 1964 Chevy II to the crown and his most recent championship came in '68 when he raced a 1966 Chevrolet.

During '66 Cossman established a record that will stand forever as he was clocked at 17.14 in his late model on the clay surface. Times are nearly three seconds faster on the new asphalt, but the clay record stands as impressive history. In both '68 and '69 Cossman took the fans' vote as the "Most Popular Driver."

The 1970 season for Cossman started well as he turned in a clean sweep on the second night of racing and held the point lead for most of April. But then Ray Young stepped in and was unbeatable for many weeks with Cossman riding solidly in second place.

Cossman's latest Chevrolet will be lighter than the previous one, yet stronger. But with changes in the suspension, Cossman feels the first race dates will depend on quickly arriving at a good chassis set-up.

Thursday, April 8, 1971

THE ANTIOCH NEWS-6

Emmons Raiders Finish Season With 25-2 Mark

The Emmons Raiders basketball team, coached by Mike Mitchell, finished the season with a 25-2 record overall. The Raiders, champs of the Big Six Conference, closed the conference with 10-0 records in both the A and B divisions.

Statistics point out Emmons A team dominance in the conference. The Raiders scored 565 points, while their opponents scored 290. The Emmons team outscored its rivals by 27.5 points per game.

Individually, Bob Dodd led the Emmons in scoring with 203 points and 20.3 per game. The remaining top players in scoring

were Jim January 71, Bill Petty 50, Dennis Thain 46, Jeff Schmidt 45 and Bob Bach 40.

Rebounding honors went to January, who hauled down 120 rebounds in ten games. Bill Petty grabbed off 92 for a 9.2 average. Don Mahar was third with 8.3 per game and 83 total. Other leading rebounders were Dodd 51, Bach 46, and Schmidt 40.

Bob Dodd, elected Most Valuable player by his teammates, led the team in assists with 23. January was second with 16, while Jon Bodin was third with 15.

Jim January was elected the most valuable rebounder, and Bill Petty most improved by his

teammates. The Big Six Conference 1971 final basketball standings were:

"A" TEAM		W	L
Emmons		10	0
Spring Grove		7	3
Millburn		6	4
Grass Lake		5	5
Newport		2	8
Lotus		0	10
"B" TEAM		W	L
Emmons		10	0
Grass Lake		7	3
Lotus		6	4
Spring Grove		4	6
Millburn		3	7
Newport		0	10

Will Driver Make Turn -- That Signal Indicates

The Lake County Safety Commission asks how do you feel toward your fellow man? Do you have faith in him? Trust him? Do you have complete confidence in him until there's proof he doesn't deserve it?

If you can truthfully answer yes to these questions you've got an admirable attitude—one that undoubtedly makes the world a better place to live in.

Unfortunately, the driver who takes that kind of attitude into traffic with him frequently ends up getting suckered into all kinds of trouble. For instance...

The driver ahead of you is in position to turn right. What's more, he's signaling a right turn.

So you assume he's going to turn. Since he'll be slowing down, you check to see if it's clear for you to move into the lane to your left and go around him. It is, so you pull over. Then comes trouble.

Suddenly he steers his vehicle to the left, directly into your path. You have to brake hard to avoid hitting him.

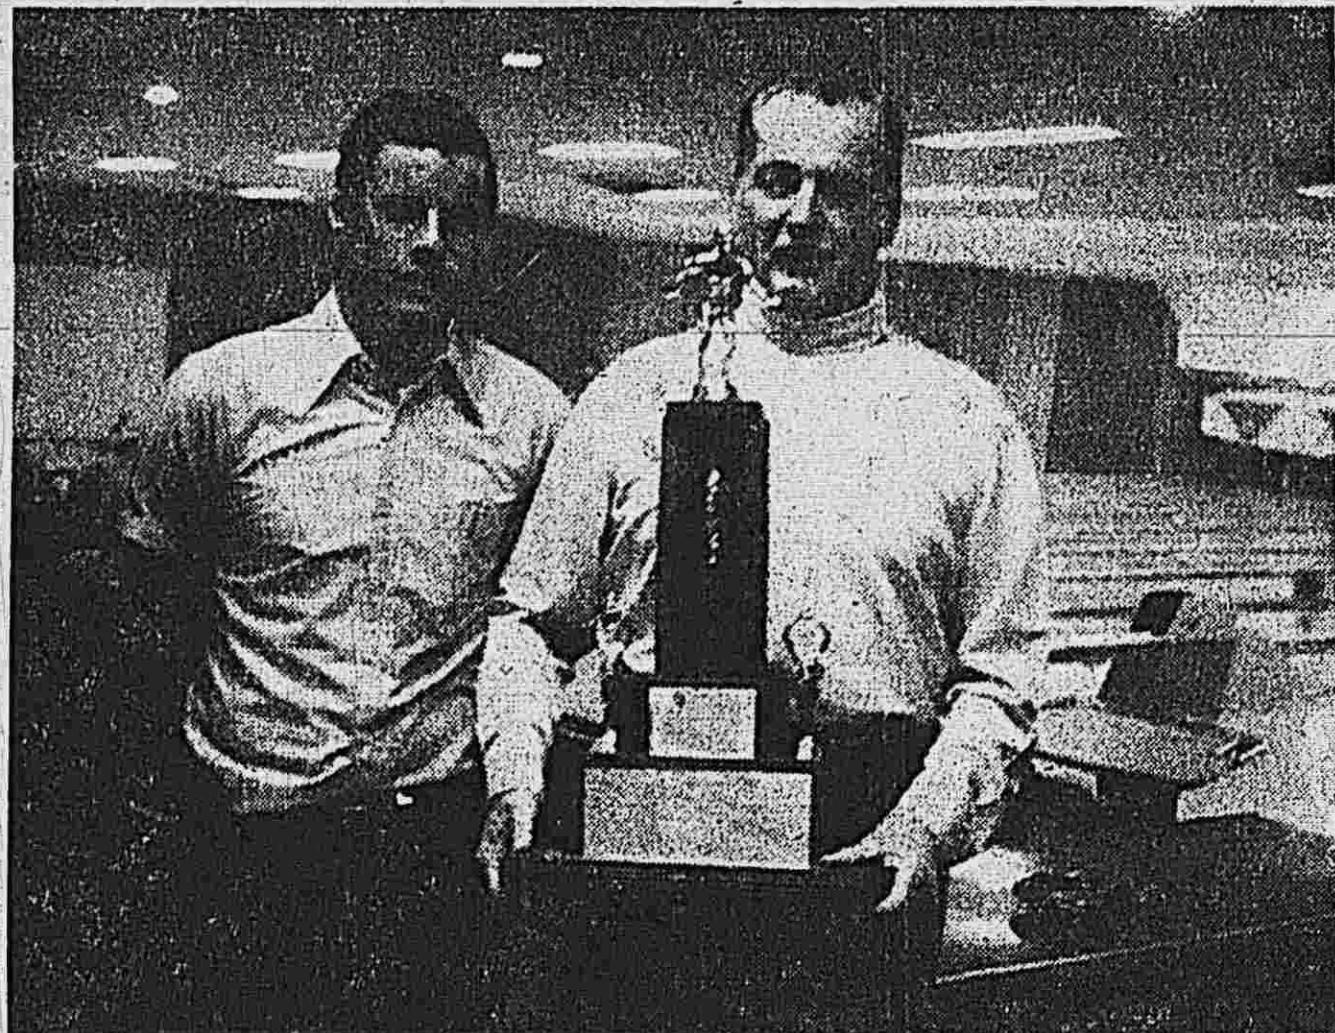

If you had doubted the blinking directional signal and paid back,

there would have been no close call.

To get to the heart of the matter, the question is not will he or won't he. It is will you be able to respond safely to whatever action the other driver takes.

You can do this by being a skeptic about signals. By being a doubter. By being a "show me" guy, reminds the Safety Commission.

It's easy to place a classifi—Just dial 395-4111.

Len Armstrong, left, with trophy he won in the Antioch Bowling Lanes Men's third annual house elimination tournament by defeating Bill Carney, right, in the best of seven game series. High game game for the tournament was 279 bowled by Jim Hallways.

Veterans News

Veterans and their dependents are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q—I receive VA compensation for a service-connected disability. Am I also eligible for medication from the VA?

A—Yes, a veteran is eligible for medication from the Veterans Administration if it is required for a service-connected disability.

Q—I have recently been awarded Dependency and Indemnity Compensation as the widow of a veteran killed on active duty. I am also a veteran and have my certificate of eligibility for a VA home loan. May I now obtain two VA home loans—one on my husband's service and one on mine?

A—No. An unmarried widow of a man who died while on active duty or who died from a service-connected disability is eligible for a home loan based on her husband's entitlement, but only if she is not eligible on the basis of her own active duty.

Q—I have a National Service Life Insurance Endowment Policy which will mature in six months. Must I take the face value of the policy, or can I convert to another type of insurance?

A—You may exchange it for a policy of lesser cash value if you are in good health. You would receive the difference between the endowment amount and the cash value of the new policy. This must be done, however, before the policy matures.

Q—My husband was a peace-time veteran. Is he eligible for a flag for burial purposes?

A—Yes, providing he served one enlistment, or was discharged because of service-connected disability.

Q—I am under 65 years of age and am receiving a disability pension through the VA as well as disability Social Security benefits. May I deduct my medical expenses from my income reportable for pension purposes?

A—You should list the medical expenses paid for the treatment of the disabilities which qualified you for Social Security disability benefits. The VA will deduct these expenses from your Social Security income.

Q—Are business loans available for post-Korean and Vietnam Era veterans under any VA program?

A—No. Business loans are not authorized by VA for these veterans. Like other citizens, they should contact the Small Business Administration.

Q—I attend school under the GI

Bill, and married after I started classes. Will I receive more money because I now have a wife?

A—In most instances your education allowance will be increased as a result of your marriage. To apply for these benefits, send the VA a copy of your marriage license, along with your VA claim number.

Q—How may I use my dividends to prevent my National Service Life Insurance from lapsing or to pay my premiums in advance?

A—You have the choice of a "credit option" or a "premium option."

If you use the former, you must notify the VA before your next dividend is due, and request it be held as a credit. Then, whenever, needed to prevent a policy lapse, one monthly premium at a time will be deducted from the credit, and you will be notified.

If you use the latter option, your dividend will be applied to pay your premiums as far in advance as possible, and you will be notified. You will not be billed for premiums again until at least one month in advance of the date your next premium is due.

Q—I am a veteran who receives compensation from VA. Are my children eligible for educational assistance?

A—Yes if you are 100 per cent permanently disabled from a service-connected cause. If less than 100 per cent disabled, no.

Q—The VA guarantees 30 per cent of a \$9,000 loan for a mobile home. If a veteran pays off the loan and desires to buy a conventional home, how much guaranty is available?

A—Under provisions of the Veterans Housing Act of 1970, if the original mobile home loan is paid in full, a veteran is entitled to the standard conventional home loan guaranty of \$12,500.

Q—My first husband was killed in action during World War II. I remarried in 1950, and my payments from the VA were terminated. My second husband died in 1960. I am receiving a small pension from the VA, based on his nonservice-connected death. Can the VA pay me anything on my first husband's service, now that I am a widow?

A—Legislation effective Jan. 1, 1971, permits the VA to again pay death payments on your first husband's death. VA cannot pay you for the death of both husbands, but you can elect to receive the larger payment. The minimum payment to a widow for a service-connected death is \$167 monthly. A greater amount may be payable, depending on the pay grade of your first husband. You should contact your VA office immediately.

MONDAY NIGHT TAVERN

LEAGUE APRIL 5

George Huecksteadt rolled a nice 225-599, leading Fiddler's Green to a pair of wins over Old Hickory. Fiddler's Green also rolled the high series for the league on games of 928-820-942-2690.

Jerry Hassett, 200-525, paced Pat's Lounge, to win two games from Red Arrow Tavern. Mark Turner 171-487 for Red Arrow.

The leaders, Wally Johnson's Petite Lake Resort, led by Bob Bolton's 206-587, dropped two games to Helvetia Hotel. "Skip" Peo rolled high 189-484 for Helvetia.

Pete Lehman 249-550 helped Kempf's Resort beat Roy's Shady Nook two games. Chuck Monroe 196-544 for Shady Nook.

John Benes, 230-563, for Mr. Ed's Tavern, but they dropped two games to The Angels. Eddie Lindstrom 218-551 for The Angels.

High Bowler for the evening was Frank Heiselmann, on games of 189-244-183-616, leading Maggie's and Bob's Lake Villa Tavern to 3 wins over Open Door Tavern. "Blue" Harris 201-530 for Open Door.

With three nights to go the race has really tightened up.

APPROVED BY NORTHWEST BOWLING PROPRIETORS ASSOCIATION

\$750 Million Contributed United Funds

Three quarters of a billion dollars is a lot of money. Particularly when people voluntarily give it to help their communities become a better place in which to live, work, and raise their families.

This \$750 million is the amount of money contributed last year to the nation's United Funds and Community Chests. It is money people gave to support their voluntary agencies which help people help themselves.

On the local level, United Community Services of Lake County was responsible for soliciting \$625,000 last year to support twenty six social, welfare and character building agencies in Lake County.

Why do people voluntarily give their money to help solve community problems? The answer is simple. They know their local United Way organization is composed of community leaders who know their community needs, problems, and know where and how to remedy them. Today there are some 2,250 United Funds and Chests throughout the country. In 450 of the larger communities they have a planning arm known as the Health and Welfare Council, supported by the local campaigns.

These Councils are being called on by state and national governmental agencies to help them develop closer working relationships with local voluntary agencies, and to effect more efficiency and greater economies in the operations of local programs.

Both the voluntary and government sectors recognize there is no substitute for the vast knowledge United Way organizations have about their communities. That is why these government agencies are now seeking the help of United Funds and Chests.

This help is available only because citizens concerned with the well being of their communities have voluntarily given their fair share to their local United campaign. Besides putting up their money some eight and a half million volunteers lead and serve their United Way organizations and the agencies supported. That is why some \$750 million was contributed this year. For a better community and for a better nation.

One thing the scientists can't seem to get the bugs out of is fresh paint.

Legal Notice

LEGAL CLAIM NOTICE
IN THE CIRCUIT COURT OF THE NINETEENTH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS
PROBATE DIVISION
ESTATE OF MARY EDMANN, Deceased, FILE NO. 71 P-106
NOTICE IS GIVEN OF THE death of MARY EDMANN, of Antioch, Illinois. Letters of Office were issued on March 22, 1971, to FREDY MOSER, 892 Main Street, Antioch, Illinois 60002, Executor, whose attorney is Larson and Lumber, 388 Lake Street, Antioch, Illinois.

Claims against the estate may be filed in the Probate office of the Clerk of said Court, 18 North County Street, Waukegan, Illinois 60085, within 7 months from the date of issuance of letters; any claim not so filed is barred as to the estate inventoried within that period. Also copies of claims must be mailed or delivered to the Executor and to the attorney.

STEPHANIE SULTHIN
Clerk of the Circuit Court
(March 25, April 1, 8, 1971.)

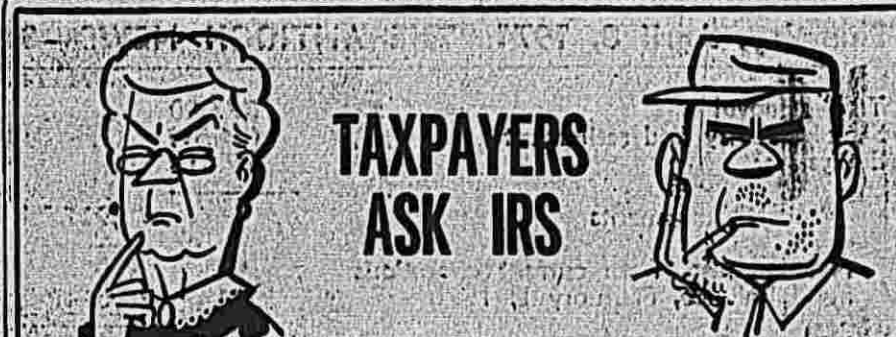

LEGAL NOTICE

is hereby given that application was made on the 17th day of March, 1971 by the Western Union Telegraph Company to the Federal Communications Commission to discontinue Western Union service at their teleprinter-operated agency in Antioch, Illinois. If the application is granted adequate substitute service will be available by telephone through the Western Union telegraph office at Waukegan, Illinois. There will be no additional charge to the public on messages handled by telephone between Antioch, Illinois and Waukegan, as telephone service will be available to residents of Antioch, Illinois toll free to Waukegan, Illinois. Any member of the public desiring to protest or support the closure of this office may communicate in writing with the Federal Communications Commission, Washington, D.C. 20554, on or before April 28, 1971.

(April 8, 15, 1971)

Truly the scent of spring was in the air as I left the house Friday morning to go to work. A skunk failed to make it across the road in the path of a car the previous night.

Official tree of Illinois is the native oak and Iowa also chose the oak. The sugar maple is Wisconsin's official tree, and Indiana selected the tulip tree.

TAXPAYERS ASK IRS

Q-Do I have to report interest from U.S. Savings Bonds on my tax return?

A-Yes. Interest earned on your Savings Bonds is taxable and must be reported. However, you have the option of reporting the interest each year as the redemption value increases or all at once when the bonds are redeemed, or mature, whichever is earlier.

If you elect the yearly method of reporting, you must continue it even for all future bond purchases.

To report the interest from the Savings Bonds, add it to your other interest income, and enter the total on line 14 of Form 1040. If your total interest income is over \$100, the amounts and source must be reported on Schedule B, which should be attached to your Form 1040.

Q-Because I am suffering from a deficiency disease, my doctor prescribed vitamins for me. Is the cost of the vitamins deductible on my tax return?

A-Yes. Items such as vitamins and iron supplements prescribed or recommended by your doctor are deductible as medicines and drugs. Then, to the extent that medicine and drug expenses exceed one per cent of your adjusted gross income, they may be included with your other medical expenses. Medical expenses in excess of three per cent of your adjusted gross income can then be deducted on your tax return if you itemize deductions. More information on the rules for deducting medical expenses can be found in Publication 502, Deduction for Medical and Dental Expenses, available free from your local IRS office.

Q-My son works during the day but is taking college courses at night. May I still claim him as a dependent regardless of how much income he had?

A-No. You may not claim him as a dependent if he had income of \$625 or more and was 19 years of age or over at year-end. If your child was a full-time student during any part of each of five months of year, you may claim him as a dependent regardless of income provided you meet all the other dependency tests. However, if your child is employed full-time during the day and attends school during the night, he is not considered a full-time student.

Q-I am married and filing a joint return. My wife had no income last year. Does she still have to sign the return?

A-Yes. A joint return must be signed by husband and wife even though only one had income.

Q-I'm 65. Do I still have to file a return?

A-If you are single and 65 or older you do not have to file a return unless your income was \$2,300 or more. If you are married and entitled to file jointly and your combined income is less than \$2,900, you still do not have to file. Finally, if your spouse is 65 or over and you are entitled to file a joint return, you do not have to file unless you made \$3,500 or more.

However, you must file a return and pay any tax due if you have net earnings from self-employment of \$400 or more regardless of age.

Q-Can I deduct the cost of my work clothes on my Federal income tax return?

A-Generally, you may not deduct the cost and maintenance of work clothes. However, if your job requires special apparel or equipment as a condition of employment and the apparel is not adaptable for use as regular clothing, its cost and maintenance are deductible. Examples of work clothes whose cost is deductible as employee expenses are uniforms worn by mailmen, nurses, policemen and firemen and protective clothing required for some jobs, such as safety shoes and hard hats.

Oh, yes, another thing, folks. Don't forget to mail those returns before April 15. It won't be long now.

E. C. Truax

Antioch Native Promoted

Everett C. Truax has been appointed production manager, architectural and engineered products division of Johns-Manville Corporation, it was announced by R. H. Cuje, general manager of the division.

Truax continues as vice president of the Johns-Manville Products Corporation.

A native of Antioch, Mr. Truax was awarded a B.S. and B.A. degree in Industrial Management from Northwestern University.

Truax joined Johns-Manville at the Waukegan plant in 1936. He held a variety of production assignments until 1956, when he became plant manager for the Industrial Insulations Division. In 1960, he was made plant manager of the J-M Nashua, New Hampshire, and Billerica, Massachusetts, plants.

Truax is a member of Delta Mu Delta Honorary Scholar Society.

He is married to the former Margaret Ann Dougherty of Libertyville. They make their home in Basking Ridge, New Jersey, with their daughter Holly. Two married daughters, Mrs. Karen Spencer and Mrs. Bonnie Williams, reside in New Hampshire.

IRS: Choose Tax Help Carefully

Need help with your income tax return? If the answer is yes and you seek professional help, be sure to select only qualified and reputable advisers, the Internal Revenue Service said today.

A taxpayer can have someone else prepare a return, but it is the taxpayer who is responsible for the accuracy of the data entered and for the full payment of any additional tax, penalties, and interest charged, IRS District Director Mr. E. P. Trainor, said today.

While most tax practitioners are competent and honest, Mr. Trainor alerted taxpayers to these potential danger signals:

Never sign a blank return; Do not sign a tax return prepared in pencil, it can be changed later; Avoid the adviser who "guarantees" refunds, wants a percentage of the refund, or supposedly knows all the angles; and Be on your guard if it is suggested that your refund check be mailed to the adviser.

Mr. Trainor said a professional adviser should sign the tax return he prepares on the line provided, and you, the taxpayer, should record his name and address for future reference.

Scott Plans To Push Lake Mich. Thermal Waste Ban

Illinois Attorney General William J. Scott today informed William Ruckelshaus, U. S. Environmental Protection Agency Administrator, that he will take whatever legal action necessary to enforce the federal position which urges the banning of heated water discharges from Atomic Power Plants into Lake Michigan.

In a letter sent to Ruckelshaus, Scott pointed out that under Illinois law the Attorney General has independent jurisdiction to prevent

pollution of Illinois air and water, "notwithstanding and regardless of any proceedings of any other administrative agency or board."

David P. Currie, chairman of the Illinois Pollution Control Board, representing Illinois at the Four-State Lake Michigan Enforcement Conference, cast Illinois' vote against the federal position. The three other states at the conference, Michigan, Wisconsin, and Indiana, voted to adopt the federal proposal.

Scott said, "here is an honest disagreement as to what the effect of thermal discharge will be from Commonwealth Edison's new nuclear power plant now under construction at Zion, Illinois."

"However, the 30 million people in the four states that depend upon Lake Michigan for their chief source of water supply can't afford to take any chances."

"On Sept. 25, of last year, I urged that all nuclear power plants on Lake Michigan be required to install closed cooling systems," Scott said.

"The recent four-state Lake Michigan conference only convinced me all the more that this position is correct since no one has yet been able to tell us what will happen if we allow nuclear power plants to pour billions of gallons of heated water into the lake. In view of this closed cooling systems are the only real answer to saving Lake Michigan."

Area Nurses To Hold Workshop

In our society today, an increasing number of people suffer from respiratory problems. To help these patients, professional nurses must be able to meet their needs for skilled nursing care and planned health teaching.

This is the concept behind a workshop on pulmonary nursing to be offered by the 16th District of the Illinois Nurses' Association on Monday, April 12.

The workshop will be held at the Sheraton-Waukegan Motor Inn from 3:30 to 9:15 p.m. and will include dinner as part of the program.

Speakers and their topics include Dr. Barry A. Shapiro, and Michael E. Moran, ARIT, speaking on "Intermittent Positive Pressure Breathing—Use and Abuse" and Dr. Shimon J. Ninnio, talking about "Basic Principles of Pulmonary Function Testing." Lisa V. Sigg, R.N., will discuss "Nursing Care of the Patient with Respiratory Disease," and George Green of Abbott Laboratories will speak on "Air Pollution Effects on the Lungs."

All registered and licensed practical nurses in the Lake and McHenry County area are cordially invited to attend.

Reservations for the workshop are necessary and may be obtained by telephoning Commander Florence Job at 688-4985.

Talk Saturday On Soviet Naval Presence

Commander George H. Francis of Libertyville will narrate a slide presentation, "Soviet Naval Presence," at the April 10 meeting of the American Independent Club of Lake County.

Commander Francis will also discuss the comparative strength of the American and Soviet navies and impact this has on our defense posture. The meeting in the community room of the Lake County Savings and Loan Association, Grayslake, at 7:30 p.m., is open to the public.

"It was inevitable. Man, the deliberate polluter of his environment through bending nature to his will, has now been identified as an unwitting natural polluter as well, says the Towanda, Pa., Review. "Soviet researchers have discovered that such exotic substances as hydrocarbons, alcohol, ammonia, formic and acetic acids and acetone are expelled into the atmosphere by the human respiratory system. . . . Here in this capitalistic society, with its glut of mouthwashes, breath-fresheners, antiseptic chewing gums, et al., we may at least improve the effect on our immediate environment, if we don't cure the basic pollution."

About this time of year for some of us a seed catalog has Playboy magazine beat by a mile. Each to his own kind of tomato!

"Physician assistants" will be hired for VA hospital and clinical work to allow doctors to make more efficient use of their time.

FUNERAL NOTICES

HENRY A. LUBKEMAN

Henry A. Lubkeman, 71 years old of Antioch, passed away Thursday, April 3, at Victory Memorial Hospital from a heart attack. He was born July 25, 1899 in Warrmsen, Germany, and came to the United States in 1927 to reside in Antioch since that time.

He was a member of the Faith Ev. Lutheran Church in Antioch. Mr. Lubkeman had been a caretaker on the Cermak estate from 1935 until he became custodian at the Antioch Grade School.

He married Anna Sander on Nov. 7, 1924 at Warrmsen, Germany. He is survived by his wife Anna, two sons, Henry F. Lubkeman, of Antioch, and Raymond Lubkeman, of Janesville, Wis.; four brothers, August, of Antioch, Herman, of Bristol, Wis., William, of Fort Walton, Beach, Florida, and Karl Lubkeman, in Germany; five grandchildren, and one great-grandchild. He was preceded in death by one brother, Ferdinand Lubkeman and one sister, Marie.

Funeral services were held at 2 p.m. Saturday, April 3, at Faith Ev. Lutheran Church in Antioch. Rev. David Ponath of that church officiated. Interment was in Liberty Cemetery north of Antioch. Funeral arrangements were handled by the Strang Funeral Home in Antioch.

THE ANTIOCH NEWS—7

Thursday, April 8, 1971

of Indian Point near Antioch, passed away Saturday, April 3, at 7:30 p.m. in Victory Memorial Hospital. He was born Nov. 26, 1893 in Chicago, and resided there until moving to Antioch in 1940. He is a member of Bohemian Lodge No. 943 A.F. & A.M., Antioch Lions Club, and the Antioch Chapter of A.A.R.P.

Mr. Kugle retired 14 years ago as a bank teller for the First National Bank of Chicago where he had worked for 43 years. He married Marie Kosakka on Jan. 16, 1915 in Chicago.

Survivors are his wife Marie; two sisters, Mrs. Lillian Wild, Hawaii, and Mrs. Rose Wild, St. Louis, Mo., and several nieces and nephews.

Private funeral services were held at 10:30 a.m. Tuesday at the Strang Funeral Home in Antioch. Rev. Lisle J. Kaufman of Calvary Presbyterian Church of Round Lake will officiate. Entombment was in Bohemian National Cemetery in Chicago. Memorials may be made to the Antioch Rescue Squad in lieu of flowers.

MRS. NATALIE L. STROUP

Mrs. Natalie L. Stroup, 77 years old of Salem, Wis., passed away Sunday, April 4, at Burlington Memorial Hospital. She was born Oct. 3, 1893 in Wauconda, Ill., and moved to Salem in 1940. She was a member of the Salem Methodist Church and the Women's Society of Christian Service of that church.

She married Harry A. Stroup on Dec. 19, 1917 at Aberdeen, South Dakota, and he preceded her in death on Oct. 6, 1918; also three brothers, Austin C. Stoen Nov. 3, 1954, Floyd Stoen Sept. 19, 1959, and Ralph Stoen on March 28, 1961.

Survivors are five brothers, Arthur Stoen, Sharon, Wis., Raymond Stoen, Wilmot, Wis., Lloyd Stoen, Wilmot, Stanley Stoen, Bassett, Wis., and Preston Stoen, Wilmot; eight sisters, Mrs. Jessie Dorwin, Wauconda, Ill., Mrs. Josephine Weaver, Sharon, Wis., Mrs. Bernice Simes, Hebron, Ill., Mrs. Helen (Earl) Thomas, Harvard, Ill., Mrs. Laura Williams, Monterey Park, California, Mrs. Margaret L. Dix, Salem, Wis., Mrs. Hazel (John) Andriesen, Galesville, Wis., and Mrs. Ruth Allen, Zion, Ill.

Funeral services were held at 1:30 p.m. Tuesday at the Strang Funeral Home in Antioch. Rev. Ray Kotwicki of the Salem Methodist Church officiated. Interment was in Wauconda Cemetery.

Now all your U.S. Savings Bonds pay higher interest.

Now it's official.

Now one of the safest investments in the world brings you new and higher returns.

Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time.

Those Bonds are still replaced if lost, stolen or burned.

You can still buy them through Payroll Savings or the Bond-a-Month

plan.

Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself?

It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong.

There never was a better time to take stock in America.

There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.

With higher paying U.S. Savings Bonds.

The U.S. Government does not pay for this advertisement. It is provided free of charge to the public as a service of the Department of the Treasury and the Advertising Council.

Everyone in your Community benefits

When You Shop Around Home

It's more convenient, often money-saving, too. Shop locally, where traffic and parking are never a problem. You'll enjoy knowing you're helping a neighbor's business to prosper.

ANTIOCH, ILLINOIS

**Township of Antioch
REPORT OF EXAMINATION
For The Year Ended January 31, 1971
NORMAN S. JEDELE
CERTIFIED PUBLIC ACCOUNTANT
Antioch, Illinois**

Mr. L. E. Murrie, Supervisor
Township of Antioch
Antioch, Illinois

We have examined the balance sheets arising from cash transactions of the various funds of the

TOWNSHIP OF ANTIOCH
at January 31, 1971 and the related statements of cash receipts and disbursements for the year then ended. Our examination included the General Fund, Poor Fund, Road and Bridge Fund, Black Top Road Improvement Fund, Special Fund - Lagoon Subdivision, Retirement Fund, Grand Bluff Subdivision Road Improvement Fund, Hilltop Road Improvement Fund

and was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary.

Accounting records of the Township are maintained on the cash basis and consequently do not reflect, as income, taxes levied but not yet received nor expenses incurred but not yet paid. However, our examination has disclosed no unusual items of either income or expense not reflected on the Township books.

In our opinion, the attached statements for the funds of the **TOWNSHIP OF ANTIOCH** listed above present fairly the financial position at January 31, 1971 and the cash receipts and disbursements for the year then ended in accordance with generally accepted accounting principles for municipalities applied on a cash basis consistent with that of the preceding year.

Yours very truly,
NORMAN S. JEDELE
Certified Public Accountant
